NOTIFICATION

No 2008I A—12th November 1943—In
pursuance of the provisions of rule 50 of the

Bengal Legislative Assembly Procedure Rules
the following Bill which was introduced in the
Bengal Legislative Assembly on September 28
1943 is hereby published for general information
together with the Statement of Objects and
Reasons annexed thereto

THE ADVOCATES ROBES BILL, 1943

(As introduced in the Assembly on September 28 1943)

WHEREAS it is expedient to help in the creation of a unified
Bar for the Province of Bengal and as a necessary step towards that
and to prescribe a uniform robe for Advocates of the High Court

It is hereby enacted as follows —

1 This Act may be called the Advocates Robes Act 1943

2 This Act shall come into operation in the whole of Bengal
on the day on which it is published in the *Calcutta Gazette*
and it shall apply to all legal practitioners pleading in the
High Court

3 In this Act the words High Court shall mean the High
Court of Judicature at Fort William in Bengal in its original
as well as appellate jurisdictions and the word Advocate
shall have the same meaning and import as in the Indian Bar
Councils Act 1926

Act
XXXVIII
of 1926

4 Within a period to be prescribed by the High Court not
being more than three months from the date on which this Act
comes into force the High Court shall prescribe one uniform robe
for all Advocates while appearing in Court without reference
to any other robe which such Advocates might be entitled to
wear as a member of any learned body

STATEMENT OF OBJECTS AND REASONS

It appears that the question of robes for its Advocates has long been agitating the High Court at
least since 1929 While trying to dispose of the matter in the interests of uniformity the Court made
rules which led to uniformity but really to diversity At present there are three classes of robes worn
by Advocates of the High Court —

- (1) An Advocate's robe prescribed by the Court
- (2) A Barrister's Gown
- (3) A blue gown prescribed by the Court in 1907 for Vakils

Recently there have been instances where the Court has itself not followed its own rules

The idea for a long time has been to have a self contained Indian Bar Uniformity in robes is
a step towards that end

This Bill is therefore introduced to secure that end

THE BENGAL MONEY-LENDERS (AMENDMENT) BILL, 1943

(As introduced in the Assembly on September 28 1943)

**A
BILL**

to amend the Bengal Money Lenders Act 1940

WHEREAS it is expedient to amend the Bengal Money Lenders Act 1940 in the manner hereinafter appearing

Bengal Act
X of 1940

It is enacted as follows —

1 (1) This Act may be called the Bengal Money Lenders (Amendment) Act 1943

(2) It shall come into force on such date hereinafter called the commencement of this Act as the Provincial Government may by notification in the *Official Gazette* appoint in this behalf

2 In sub section (22) of section 2 of the Bengal Money Lenders Act 1940 hereinafter referred to as the said Act the year 1926 be substituted for the year 1939

3 (1) In section 36 clause (1)(a) after the words 'reopen any transaction' the following words shall be added 'and reopen all decrees passed on account of principal and interest after the 1st day of January 1926'

(2) In section 36 clause (1)(b) of the said Act after the word 'reopen any account already taken between the parties' the following words shall be added 'and cancel or declare null and void any transfer by *Kobala* or otherwise or lease of any denomination in consideration of the original debt with interest plus an amount in cash or not either in favour of the creditor his relation or *benam dars* or assigns

(3) In section 36 clause (1) of the said Act after sub clause (c) the following shall be added —

and grant such number of annual *lists* not exceeding twenty years as the Court may think fit

4 In section 36(2) clause (a) of the said Act after the words 'opportunity of being heard' and before the words 'pass a new decree' the words 'reopen the original decree whatever be its nature in its entirety' shall be inserted

5 In section 36(6) sub clause (II) in place of the word 'one' before the word 'year' the word 'two' shall be substituted

6 After section 36 of the said Act, the following shall be added as section 36A —

36A The powers of the Court under section 36 of this Act may be exercised notwithstanding that the money lender's right of action for the recovery of the money lent or the right of execution for the balance of the decretal dues is barred. Notwithstanding anything to the contrary in the Provincial or Presidency Small Cause Court Act or in any other law for the time being in force an appeal against an order of granting or refusing an application or a borrower's suit under section 36 of this Act shall ordinarily lie to the Court authorised to hear appeals from the decision of the Court passing the order within the meaning of section 96 of the Civil Procedure Code 1908

Act V of
1944.

7 After the proposed new section 36A of the said Act, the following shall be added as new section 36B —

36B This Act shall be retrospective in operation and shall have retrospective effect and a borrower shall be entitled to file a fresh application notwithstanding that a previous application was dismissed, provided that the new application is filed within one year from the commencement of this section "

STATEMENT OF OBJECTS AND REASONS

The main purpose of this amendment is to give better and more effective relief to the debtors. The practical working of the Act shows that in the majority of cases no relief can be granted by the courts because of the technical difficulties created by the definition of the expression "suit to which this Act applies". It is invariably seen that the more intelligent section of the money lenders had purchased valuable properties in execution proceedings for a fractional share of the decretal dues and allowed the balance to be barred by limitation without taking any steps in execution. Whereas others in similar circumstances kept alive the decree and are now hit by the Money Lenders Act. This has caused heartburning amongst this class of money lenders. In former cases the debtors too cannot get the intended relief. Hence to bring the said cases of hardship within the operation of the Act the proposed amendment of section 2(22) and the insertion of section 36A have been made.

It has been held that a decree in a mortgage suit cannot be reopened for the purpose of granting instalments only. In these days of all round economic depression and in view of the recent devastations caused by floods and cyclones the granting of instalments should be treated as an appropriate relief. The proposed amendment seeks to grant this relief of paying decretal dues by easy instalments.

Some courts are found to make a distinction between a mortgage decree and a personal decree for the unsatisfied part of the decretal dues after sale of the mortgaged property. It should be made clear that the entire mortgage decree should be reopened.

The period of filing a review application should be extended as it is felt necessary.

A provision for appeal against granting or refusing an application under section 36 is essentially necessary to safeguard the interest of the parties.

New section 36A is suggested on the lines of Money Lenders Act (England) 1927 and is adopted from that Act. If barred debts cannot be taken into consideration for the purpose of reopening decrees no suitable relief by way of restoration of property is possible in majority of cases.

The other amendments are incidental and consequential to the proposed amendments.

In short the main purpose of the amendment is to provide for better and more effective relief to the mass of the indebted and suffering humanity.

THE BENGAL TENANCY (AMENDMENT) BILL, 1943

Is introduced in the Assembly on September 28 1943

A BILL

further to amend the Bengal Tenancy Act 1885 and the Bengal Tenancy (Amendment) Act 1910

WHEREAS it is expedient further to amend the Bengal Tenancy Act 1885 and the Bengal Tenancy (Amendment) Act 1910 for the purposes and in the manner hereinafter appearing It is hereby enacted as follows

Short title

1 (1) This Act may be called the Bengal Tenancy (Amendment) Act 1943

(2) It shall come into force on such date as the Provincial Government may by notification in the *Official Gazette* appoint but not later than the 31st March 1943

Amendment of section 168A

2 In section 168A of the Bengal Tenancy Act 1885 as amended by Bengal Act XVIII of 1940

(a) for the words other than the entire tenure or holding to which the decree or certificate relates at the end of the first paragraph of sub section (1) (a) the following words shall be substituted

other than the entire interest of the judgment debtor or certificate debtor in the tenure or holding

(b) for the proviso to sub section (1) (a) the following proviso shall be substituted

Provided that the provisions of this clause shall not apply if—

(i) in any manner other than by surrender of the entire tenure or holding to the decree holder or certificate holder the tenancy ceases to exist or

(ii) for any reason whatsoever the interest in the tenancy of the judgment debtor or certificate debtor against whom execution is sought is not available to the decree holder or certificate holder for attachment and sale in execution of his decree or certificate

3 For sub section (1) (b) the following shall be substituted

(b) The bid of a purchaser other than the decree holder or certificate holder at a sale held in execution of a decree or certificate for arrears of rent in respect of a tenure or holding or the interest of the judgment debtor or certificate debtor in the same shall not be accepted by the Court if the said bid is less than the amount due under the decree or certificate together with the costs incurred in bringing the tenure or holding to sale

4 Sub section (3) shall be deleted

STATEMENT OF OBJECTS AND REASONS

The insertion of section 168A in the Bengal Tenancy Act 1885 by the Bengal Act XVIII of 1940 has made realisation of arrear rents by attachment and sale of any moveable or immovable property other than the entire tenure or holding to which the decree or the certificate relates illegal. Even this restricted remedy has been made infructuous by circumstances which were evidently not foreseen by the legislators.

Firstly clause (a) of sub section (1) of the section by providing for the attachment and sale of the entire tenure or holding to which the decree or certificate relates has made a demand on the landlord which is very difficult of execution in practice. Instead of having the entire tenure or holding available for realisation of his arrear rents he will be satisfied only with the interests of the judgment debtor or the certificate debtor in the tenure or holding concerned.

Secondly there is no safeguard provided in the section against fictitious or real transfer by the judgment debtor or the certificate debtor of his interests in the tenure or holding after defaulting payment of rent for the maximum period and before the attachment of his tenure or holding. This lacuna has proved most disastrous to the decree holders and has left them practically without any remedy.

It is only with this object of removing the defect which was not the purpose of this section and without in any way interfering with the broad principles underlying the same that this amendment is proposed.

Notices

3 If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter as soon as possible issue a notice on the person concerned stating the reason why such work has been carried out

4 If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations required to be carried out be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary

Inspector in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued

14A If it is not possible for the municipal commissioners to provide suitable places with necessary attendants, diet and other necessities for

isolation of the patient or if satisfactory arrangement for such isolation is not also possible in the house where the patient is staying the patient shall be sent under proper sanitary precautions, to the hospital within or outside the nearest municipality where there is suitable arrangement for isolation.

The Bill aims at—

- (a) Recognition of the khalasis directly by the employer in charge of the management of the steamers navigating in the province of Bengal
- (b) Total abolition of the present anomalous practice of leaving the khalasis entirely at the mercy of the masters serangs and drivers who taking full advantage of their ignorance and economic helplessness exploit them to the fullest possible extent
- (c) Fixation of the minimum salary of the khalasis at Rs. 20 per month in addition to usual leave and free pass etc.

The Bill if enacted into law would appreciably solve the growing unemployment problem of the province as the steamer companies normally require a huge number of khalasis and would improve their standard of living.

Pakistan [The Pakistan Scheme]—The author throws light on the historical necessity of the Pakistan Movement and shows that it arose out of the attempts of the politicians to solve the complicated communal problems created by the failure of Lucknow Pact the Round Table Conference and the Nehru Report and especially by the India Constitution Act of 1935. The author further shows how the political term Pakistan first made use of by Chowdhury Rahmat Ali in connection with his original scheme came to be used by subsequent thinkers of different Pakistan Schemes. The Pakistan Schemes are said to centre round two fundamental principles viz (i) India is not one united and undivided country and (ii) the democratic government especially the unitary form of the Central Government as contemplated on the basis of the policy laid down by the British Parliament is not workable in India unlike Mr Gandhi Jawaharlal and other Congress leaders thinkers like M M Roy Dr Ambedkar and others are said to have given their attention to these principles. Also throws light on the growth of the Muslim League as a separate political organisation and deals with incidents of Pakistan Movement (communal Award and Mr Jinnah's 14 points supports Aligarh Scheme of Pakistan and advocates partition of India into four autonomous states Bengal Hyderabad Hindustan and Pakistan. Has an appendix containing the Pakistan Schemes of Maulvi Rahmat Ali Dr A Latif and others. 375 Mujibur Rahman Khan—

Pakistan [The Pakistan Scheme]—The book is divided into four parts. Why the Pakistan Movement? What is Pakistan? The problems of Pakistan and Pakistan at home and abroad. The idea of Pakistan as a single state self governing within the British Empire and being the final destiny of the Muslims of the North Western India is said to have originated from Sir Iqbal. Since then its meaning has undergone various changes according to the changing political circumstances. Pakistan according to the author means at present the plan of the division of India on the basic principle of demarcating of the geographically contiguous units into areas and regions where the Muslims can be regarded as an independent nation, and the Pakistan Movement therefore means the movement attempting to establish sovereign and independent Muslim States in the North Western and the Eastern India where the Muslims form the majority. The author like all other Pakistanists, attempts to show that the Hindus and the Musalmans of India constitute two distinct nations and India is a sub continent with diverse races and peoples, languages

Bengali—Politics—cont'd

and religions and all other antecedents. He points out that the assumption of the existence of an All India nationality is wrong, that the Hindu Muslim relation in India has never been cordial and that the Government of India Act of 1935 envisaging a federal government has created an impasse in the constitutional history of India. He refutes the idea that the Muslim League conceived the scheme for partition of India only in 1938 and attempts to show that the idea of the scheme agitated the mind of the Muslim leaders from the beginning of the 20th Century especially from the date of the partition of Bengal. He opines that the Hindu Muslim problem is the most conflicting of all the problems in India and its final solution lies in the adoption of the Pakistan Scheme. He suggests that India is not united and homogeneous and should be split up into three autonomous states e.g. Western Pakistan Hindustan and Eastern Pakistan with incidental reference to Dravidistan Adibastistan etc. which are to be included in the Hindustan area and puts the final demarcation lines between the states. He also says that the Pakistan ideal is a political reality on a practical solution of the future constitution of the Government of India and that the Muslims of India differ from the Hindus in religion culture language and literature. Pakistan Scheme stands against the Indianization policy of the Congress. The socialist theories and the Pakistan ideologies are similar in character and Pakistan will introduce in India the methods of satisfying the claims of minorities on the basis of the principle self determination. The author in his suggestion for the partition of India accepts the principles of Dr Latif's Scheme with some modifications. 376 Ranjan —সমাজ উন্নয়ন কি ও কোথায়?—

Samaj Unnayon Ki O Kothay? [Socialism What and Why?—Points out the economic troubles of the masses and their causes. Refers to the stages of the evolution of the society leading to capitalism with its incident of a struggle with labour and peasantry. Stresses the need of establishing socialism by a complete overhauling of the existing social order. Association alone is said to be incompetent to end the sufferings of the masses as demonstrated in the Soviet Union. Incidentally suggests that the League of Nations was designed to fight the menace of socialism and that the rapid increase of labour agitation will soon bring socialism into India. Amra Yachha Biswas Kari [What we believe]—Sets forth the ideals of the society known as Charan Dal to which the author himself belongs. Advocates socialism and stresses on the necessity of bringing about a classless society with its incidents of the removal of the state, the removal of private property and the removal of the overlordship of the rich people who are alleged to exploit the poor and the proletariat and to have control over the government which is said to be a mere machinery in their hands acting in their own interest. Also points out that capitalism must be ended in the interest of the proletariat and that it is already a certainty that the regime is to go because of the mass awakening which is now said to be paving ground. 625 Rezaul Karim M A B I—Pakistan Examined A critical study of the Pakistan scheme The scheme alleged to be meant to partition India into Hindu India and Muslim India is said to have been conceived in a spirit of revenge The author attempts to show that India is one and indivisible and all the people of India with all their differences comprise one nation and that the entire Pakistan scheme is a mirage in the name of Muslim interests which will soon vanish in the air and with it the ugly demon of communalism will be buried as India is not a foreign country for the Indian Muslims but it is their home land All those persons it is said who have always supported British Imperialism in India, have become now the advocates of the Pakistan Movement knowing well that the ultimate result of the creation of Pakistan will be the increase of the British hold over India He points out that the movement had its origin in the divide and rule policy that was adopted long ago by Lord Curzon and that none but the British Imperialism will be benefited by the partition scheme the immediate objects of the plan are said to be the following —(1) to prostrate the Congress demand of the Constituent Assembly, (2) to spread communalism to the frontier province (3) to frustrate all sorts of political struggles that have been and are going to be started by the Congress (4) to wound the non Moslem feeling and (5) to provide the higher British authority with a plea to delay and deny and postpone the demand of freedom that has been made by the Congress on behalf of Indian people He examines the several schemes so as to condemn them on the ground that they will cut at the root of nationalism and freedom of the country and maintains that none of the framers of the schemes

English—Politics—concl'd

has adopted independence as the goal The schemes far from helping in the solution of the communal problem will create fresh problems which will endanger the safety of India The economic condition of the Muslim population in the Pakistan states will be worse than ever as there will be chances of their being rackrented—the misery of the Muslim masses will be aggravated in various ways and the overlordship of the upper classes will be perpetuated for ever The author has drawn attention of the Pakistanists to the modern political history of China and Iraq In the first case he shows that the community of religion is not regarded as a mark of nationality in China which is fast approaching the ideal of nationalism and today all the Chinese Buddhists Muslims Christians are united as one undivided nation In the second he shows that Iraq has refused to adopt the principle of communalism The entire people of the land in spite of their differences in race religion language and culture make one undivided nation Published by The Book Company Ltd 43B College Square Calcutta 1941 (10 12 1941) Pages 4+167 Double Crown 16mo 1st edition Re 1 8 0 Copies 1 000

DEPARTMENT OF PUBLIC HEALTH AND LOCAL SELF-GOVERNMENT

RESOLUTION—No 1207C /M

Calcutta the 24th November 1943

In view of the fact that the annual tax demand of the Jamalpur municipality in the district of Mymensingh gradually increased from Rs 13 668 10 6 on the 1st April 1938 to Rs 20 482 9 on the 1st October 1941 even though the commissioners granted remission every year on a fairly liberal scale that the liabilities of the municipality also gradually increased from Rs 17 316 5 9 at the end of 1938 39 to Rs 20 613 5 6 during 1940 41 and that the extent of the liabilities then came to four fifths of its total annual income, the municipal finances had reached a position when the total annual collection of Rs 20 000 was barely sufficient to cover the obligatory items amounting to Rs 21 000 and the cost of maintaining roads and tube wells and there was no surplus available for reducing the accumulated liabilities

2 The causes of this unsatisfactory financial position of the municipality appeared to Government to lie in the inefficient administration of the collection department of the municipality due to continued apathy of the Commissioners to exert themselves and to their reluctance to take proper steps for the realisation of the arrear demands. On the recommendations of the local officers Government proposed to take steps for the

appointment of a suitable person under section 550 (2) of the Bengal Municipal Act to be in charge of the collection department of the municipality for a certain period and for taking action under section 116 of the Act to control the budget estimate of the municipality and in their order No 691M dated the 19th March 1942 the Commissioners of the Jamalpur municipality were asked to show cause within a period of two months from the date of receipt of that order why the proposed appointment under section 550 (2) of the Act should not be made and why action under section 116 of the Bengal Municipal Act should not also be taken.

3 The municipal commissioners at their meeting dated the 26th May 1942 considered the above order of Government and requested them not to take any action under the aforesaid sections on the grounds that the new municipal board was expected to be constituted shortly and that the municipal commissioners proposed to find out means to increase the collection of taxes and to reduce the liabilities. The municipal board was formed in July 1942 and in order to give the new members an opportunity to exert themselves to improve the financial condition of the municipality no further action was taken by Government at that time and in March 1943 the Commissioner of the District Division was requested to furnish a report whether there had been any appreciable improvement in the administration of the municipality particularly in the matter of collection of taxes including arrears dues since the new board came into office.

4 It appears from the report of the local officers that the financial condition of the municipality is still unsatisfactory and the new board has failed to show any appreciable improvement in the administration of the municipality and in their opinion mere supersession of the collection department cannot restore the position.

5 After a very careful consideration of the whole matter Government have reached the conclusion that the commissioners of the Jamalpur municipality have shown themselves incompetent to perform and have persistently made default in the performance of the duties imposed on them by or under the Bengal Municipal Act 1932. In exercise therefore of the power conferred by section 553 of the said Act Government declare the commissioners of the Jamalpur municipality to be incompetent and in default and supersede the said commissioners for a period of two years with effect from the fifteenth day of December 1943.

6 Ordered that this resolution be published in the *Calcutta Gazette*.

Veterinary NOTIFICATION

24-Parganas—No 3066Vety—20th November 1943 The following revised rules for the management of hostel of the Bengal Veterinary College approved by the Government of Bengal in supersession of the existing rules are published for general information—

1 There are two buildings set aside in the Bengal Veterinary College expressly for purposes of residence of the 2nd and 3rd year class students of the college. The maximum limit of accommodation in these two buildings is fixed at 103 and the students of the 2nd and 3rd year classes must unless specially exempted by the Principal, live in them and abide by the rules in force. A few students of the 1st year class are allowed to reside there if the total number of residents falls short of 103. Students who are too poor to pay the charges are allowed to live outside within a reasonable distance from the college. The hostels are the Macpherson and Fraser hostels. For purposes of convenience they are named the "Hindu

Hostel' (Fraser Hostel) owing to a preponderance of Hindus usually occupying the same, and the Muslim Hostel (Macpherson Hostel) for the same reason as regards Muslims. Students of different religious dominations may occupy either at the discretion of the Principal.

The 1st year students will as a rule arrange for their own lodging and boarding outside the college. If some of the allotted 103 seats remain vacant due to an insufficient number of students in the 2nd and 3rd year classes the Principal of the college may cause them to be filled up by allowing the same number of 1st year students to live in hostels.

Leave of absence from the hostels

2 No special leave of absence from the hostels is required between the hours of 4 p.m. to 9 p.m. but this privilege is open to restriction by the Principal or Vice Principal by way of punishment for any kind of offence against the college rules or for other reasons. Leave to remain absent from the hostel beyond 9 p.m. till 12 p.m. must be obtained from the Superintendent who will report to the Principal any frequent requests for such. To remain absent beyond 12 p.m. constitutes leave from college and application for such leave must be made through the Superintendent to the Principal.

Loss of property

3 The students residing in the hostels are responsible themselves for the safety of their property. No compensation for loss will be made, but all assistance will be given for the recovery of the lost property.

Theft of property by any student may be punished with dismissal.

Fees

4 Each student shall pay Rs. 8 per month which sum is made up as follows—

To be credited to Government positively by the 7th of each month or the following working day if the 7th is a Sunday or holiday—

	Rs.	p.
(i) Rent and furniture rent	4	0
(ii) Municipal tax	0	8
(iii) Per capita fee	0	8
(iv) Medicines	0	4
(v) Electric charges	0	4
Total	5	8

A fine of anna 1 per day may be imposed if not paid within the aforesaid period.

A student is liable to removal should he fail to pay these charges by the end of the month in question.

All vacation charges (*viz*, rent etc.) from April to June are payable in advance by all students so liable. Such dues must be paid up by the 15th of April, in default of which defaulters' names shall be removed from the rolls from the 16th idem.

The above fees will be received by the cashier.

Management

5 The direct management of the hostels devolves on the Hostel Superintendents under the authority of the Principal. The Superintendents shall be responsible for good order being maintained in the hostels.

The messing arrangement is left in the hands of the boarders themselves. No boarder shall be permitted to take his meals regularly outside the hostel nor will prepared meals from outside be allowed into the hostels.

Four prefects (two from each of the 2nd and 3rd year classes) shall be appointed annually. They will assist the Superintendents in keeping good order and discipline and will be entitled to special certificates from the Principal for good work done in this sphere.

The appointment and dismissal of hostel menial staff etc shall rest with the Superintendents in consultation with the Secretary and the Principal

Seats

6 The allotment of seats shall be made by the Superintendents

Accommodation and furniture

7 Altogether there are 133 seats in the two hostels i.e. 120 seats in the Fraser Hostel and 28 seats in the Macpherson Hostel. The Superintendents should see that no seat should remain unoccupied causing loss of Government revenue. Each room in the Fraser Hostel is furnished with 3 beds, 2 tables, 3 chairs, 2 stools, 4 wall cupboards and 1 dwarf almirah and will accommodate 3 students and in the Macpherson Hostel each room is furnished with 4 beds, 1 table, 3 chairs and 4 wall cupboards and will accommodate 4 students. Every student must bring his own clothings and beddings but no extra furniture can be admitted without the permission of the Principal.

8 The unauthorised removal of any article of furniture from its proper place shall be punished with fine and a student wilfully damaging any article will have to replace it or pay for its repair.

Discipline

9 The hostel gates shall be closed precisely at 9 p.m. and opened at 6 a.m. Boarders returning to the hostels after 9 p.m. unless given permission by the Superintendents are liable to be fined.

Any boarder staying out later than 12 p.m. shall be reported to the Principal.

No religious ceremony likely to injure the feelings of any of the boarders shall be performed by any student in the hostels.

Use of tobacco or intoxicants of any kind by the boarders is not permitted.

Singing and playing upon musical instruments in the hostels is strictly prohibited. Any one found indulging in such to the disturbance or annoyance of others will be fined. On ceremonial occasions however music may be allowed provided previous written permission of the Superintendents is obtained.

Boarders must not throw water or refuse outside their rooms. Boarders breaching this rule shall be fined. If a boarder doing so cannot be detected all the boarders of the rooms from which such materials had been thrown shall be fined.

Boarders are not permitted to keep their own private servants in the hostels. Complaints against the hostel servants should be made in writing to the Superintendents. Boarders cannot take into their own hands the task of chastising or punishing the menials. Such is regarded as very serious misconduct and is liable to be punished by instant dismissal.

A Conduct Register is kept by the Superintendents in which the names of boarders are entered in all cases of serious misconduct i.e. (i) disobedience of orders or infringement of rules (ii) absence without leave (iii) continued neglect of studies (iv) insubordination or disrespect to the authorities and any other kind of misconduct not provided for in the rules. An entry once made cannot be altered or cancelled excepting by the Principal.

Outsiders as a rule shall not be allowed to pass the night in the hostels. In emergent cases however, such as during serious illness of boarders, their friends or relatives may be admitted in order to nurse them for a short period of time with previous permission of the Superintendents or Principal.

Boarders shall not be allowed to take their meals in their rooms except in cases of illness when recommended by the Medical Officer of the college. Any boarder violating this rule shall be fined.

No outsider shall be allowed to join any mess or dine in the hostel. Any boarder found to have

an outsider feeding in the mess without permission shall be liable to a fine of one rupee or more. In exceptional cases guests may be allowed to take their meals for a very short period in the hostel mess with the previous permission of the Superintendents.

Hawkers of any kind are not to be allowed to go round the hostels or enter the rooms of boarders. Boarders inviting hawkers to their rooms will be punished.

Applications with reasons for leave of absence from the hostels must be made in person to the Superintendents.

Neatness and cleanliness must be particularly observed by the boarders. Wilful negligence in this respect will be severely dealt with.

Students may be removed from the hostels for habitual and gross misconduct for continued neglect of studies or for serious entries in the Conduct Register. All such removals shall be immediately reported to the authorities concerned.

Students shall not crowd round or follow a visitor or inspecting officer while on the premises. They should remain in their place unless called out and should pay the customary marks of respect to official visitors.

Attendance

In the case of actual boarders in residence at the college all sick leave applications for whatever period must be recommended by the Medical Officer in charge.

When holidays are granted it is necessary for student to ascertain if they have been detained for hospital duty or not. No excuse for absence from duty will be accepted because a general holiday has been granted.

Sickness

12 Boarders when ill are attended by the Medical Officer of the college who visits the hostels every morning. If a boarder wishes to be attended by any other medical man he must first obtain the permission of the Superintendents and notice must be given to the Medical Officer of the hostel. In such cases the Medical Officer ceases to be responsible for the patient and if subsequently called in consultation he is entitled to the fees usual for such consultation. Any extra expenses involved for diet or nursing must in these cases be borne by the patient.

Boarders when seriously ill will be removed to hospital.

Auditors Report upon the Accounts of the Calcutta Corporation for the year 1937-38 together with the Replies of the Corporation, the Audit Rejoinders, further replies of the Corporation and Final orders of Government

Auditors Report.	Replies of the Departmental replies and Chief Accountant's remarks
SECTION I—INTRODUCTORY The accounts of the Corporation of Calcutta for the year 1937-38 have been examined and test audited 2 The more important points arising out of audit are incorporated in this report which is due to be published under section 123A of the Calcutta Municipal Act. A Test Audit Note embodying the less important irregularities is being sent to the Chief Executive Officer for disposal <i>Previous Reports</i> 3 Replies of the Corporation were received in all previous Audit Reports. Replies have not yet been furnished to any of the Test Audit Notes for the years 1931-32, 1935-36 and 1936-37	PARA 1 —No remarks PARA 2 —No remarks PARA 3 The Chief Accountant reports — The Test Audit Notes for 1934-35 and 1935-36 are being dealt with by the Chief Executive Officer. The Test Audit Note for 1936-37 is being dealt with by the Accounts Department

Corporation.		Audit Rejoinder together with further replies of the Corporation.	Final orders of Government.
Chief Executive Officer's remarks	Resolutions of the Corporation		
The Audit Report for the year 1937-38 was considered by the Finance Standing Committee on 20th and 29th August 1939 and by the Corporation on 13th September 1939 when they passed the following resolutions			Letter No. 671 M dated Calcutta the 23rd April 1941 from I I M Aurannabi Chaudhuri, Esq. I.C.S. Secretary to the Government of Bengal, Department of Public Health and Local Self Government to the Secretary Calcutta Corporation
That the departmental explanations furnished in connection with the points raised in the different paragraphs of the Audit Report for 1937-38 be accepted subject to the following directions and remarks <i>These directions and remarks have been shown against the paragraphs concerned</i>			I am directed to refer to the correspondence ending with your letter No. S 2887 dated the 25th 26th September 1940 regarding the report on the audit of the accounts of the Calcutta Corporation for the year 1937-38
The further comments of the Accountant General Bengal and the Examiner of Local Accounts Bengal, as per their Letter No. LA 2000 dated the 29th November 1939 to the Secretary to the Government of Bengal Department of Public Health and Local Self Government were considered by the Finance Standing Committee on 16th July 1940 30th July 1940 and 8th August 1940 when they recommended as follows—			2 I am to say that Government have carefully considered the Audit Report together with the explanation submitted by the Corporation and I am to communicate the following observations and orders of Government in the matter—
(1) That the departmental replies noted against the Auditor's remarks regarding the relevant paragraphs of the Audit Report for the year 1937-38 be accepted with the following observations— <i>The departmental replies and the observations of the Finance Committee have been shown against the respective paragraphs. The concluding portion of the Chief Accountant's report regarding the further remarks has been shown at page 56</i>			[The observations and orders of Government have been shown against the relevant paragraphs]
(2) That the attention of the Government be drawn to the fact that Rule 6 of the Local Government Audit of Accounts to the Calcutta Corporation has not been complied with by the Auditors in as much as before making a reference to the Local Government under this Rule they have not given the Corporation an opportunity to offer further explanation if any on the points on which they express a difference of opinion			3 I am to request that the Audit Report together with the replies of the Corporation, the audit rejoinder and the final orders of Government may now be published as required by Rule 7 of the rules regarding the audit of the accounts of the Calcutta Corporation, issued under Government Notification No. 2986 M dated the 10th May 1935 as subsequently amended
<i>The above observations were confirmed by Corporation on 21st August 1940</i>			
		4 Assistant General Bengal and Examiner of Local Accounts Bengal's Letter No. LA 2000 dated 29th November 1939 PART—3 1 replies to the Test Audit Notes for the years 1934-35 and 1935-36 were received on the 2nd and 4th November 1939 respectively. Those for the years 1936-37 and 1937-38 have not yet been received. Such abnormal delays in the disposal of the objections are not desirable. It seems necessary to fix a suitable date by which the replies to the Test Audit Notes may be furnished annually by the Chief Executive Officer. <i>The Chief Accountant reports—</i> This relates to the previous reports of the Auditors. The Test Audit Notes for 1936-37 and 1937-38 with departmental replies and my remarks are being separately submitted to the Chief Executive Officer through 1st Deputy Executive Officer. The remarks of the Chief Executive Officer will be communicated to the auditors as early as possible. The objections in the Test Audit Notes have all along been characterised by the Auditors themselves in their successive reports as <i>less important or trifling</i> and are dealt with finally by the Chief Executive Officer in addition to the Audit Reports and other objections of the auditors that are placed before the Committees and the Corporation. Every endeavour is always made to dispose of these Test Audit Notes as early as possible. But as we have frequently to attend to innumerable and diverse kinds of queries, reports or requisitions of the Government Auditors, marked by them as <i>urgent</i>, <i>very urgent</i> or the like or to matters that have to be finished within fixed dates

My reply to the further remarks of the Joint Auditors on para 8(b) of the Audit Report for 1936-37 is quoted below for ready reference. This relates to the method of accounting for the sums realised by various officers of the Corporation on or before 31st March of a financial year and deposited in the Treasury on the first working day of the following year. These sums are remitted to the Bank in one lot with other collections lodged in the previous year, on the first

		under the Act we are forced to leave the unimportant one for spare time work. This accounts for the delay in the disposal of the Test Audit Notes. I am afraid it cannot be possible to keep to time programmes in every matter concerning the Government Auditors. <i>Recommendation of the Finance Committee as confirmed by the Corporation on 21st August 1940</i> That the Committee are of opinion that unless the schedule of time programmes for disposal of Audit Reports drawn up in 1933 is altered to conform to the need of the existing situation a definite duty is asked for and laid down they however direct the Department to dispose of the Test Audit Notes with the least possible delay. <i>Accountant General Bengal and Financial Officer Bengal letter No. 100 dated 29th November 1939</i> PARAS 4 to 6 No remarks <i>The Chief Accountant report</i> No remarks

Our practice is quite sound and should be adhered to	PARA 7—That the Corporation reiterates their previous resolution in connection with para 8 (b) of the Audit Report for 1936-37, which runs as follows—That Government be informed that the system followed by the Corporation is the only proper way and the suggestion of the Auditors is wrong and that Government be therefore requested to reconsider their decision.	<i>Accountant General Bengal and Financial Officer Bengal letter No. L.A. 200 dated 29th November 1939</i> PARA 7—The order passed by Government in this matter is final under Section 123 of the Act and the Corporation will give effect to the said order so long as it is not rescinded. <i>The Chief Accountant reports—</i> This relates to the method of accounting for the sums realized by various officers of	(1) PARA 7—Cash in hand (with the Treasurer). (b) Short credits, being				working day of the following year, i.e., exactly when the collections of old M. A. become due for remittance to the Bank. As a long standing practice, these amounts are shown in our accounts as collections of the previous year. The Auditors want us to take these to the accounts of the following year. We have repeatedly pointed out that the procedure suggested by the present auditors is wrong and cannot be accepted. One should have thought that this attempt to send all the collections in the hands of the officers of the Corporation on the 31st March to the Bank on the next working day would have been praised but the attitude taken up by the auditors is quite the contrary. What the auditors want is wrong and the practice which has been in vogue for decades is right. This question was fully dealt with in our replies to the further remarks of the Auditors on the replies of the Corporation to the Audit Report for 1934-35 and previous years. Further decision of Government in the matter is awaited."

The inclusion of the collection of the 1st April in the cash book of the Corporation for the 31st March preceding as it (a) above was pointed out in previous audit reports and Government ordered on the 6th October 1936 that if it was desired to report such collection this should be done by a note attached to the accounts. Out of these the 4 cheques mentioned in the margin were outstanding for over 12 years. Of these again items 1, 2 and 4 and one other cheque dated 29th July 1938 for Rs 90 were stated by the Chief Law Officer to have been cancelled by the Law Department Special Committee in 1936. A suit filed on item 3 was dismissed. It is not clear why further action was not taken for their writing off by the Corporation and elimination from the list of outstanding cheques.

			the Corporation on or before 31st March of a financial year and deposited in the Treasury on the first working day of the following year In our replies to the previous reports of the Government Auditors we have repeatedly pointed out that the procedure suggested by the Auditors is wrong and cannot be accepted The Corporation on 15th September 1939 resolved that Government be informed that the system followed by the Corporation is the only proper way and the suggestion of the Auditors is wrong and that Government be requested to reconsider their decision. It appears from the remarks of the Auditors now under consideration that they have no objection to such a modification being made by Government. The Auditors however want that we should act up according to their suggestion so long as the order previously passed by Government is not rescinded. This I think can never be a desirable course in view of the fact that the matter is already engaging the attention of Government and because the procedure suggested by the Auditors is wrong. Departmental replies and Chief Accountant's remarks

ADVANCES

10 (a) The amount of advances outstanding on 31st March 1938 was Rs. 26 87 422 against Rs 15 43 327 on 31st March 1937. Out of the increase of about Rs 11 lakhs about 6.52 lakhs were due to advances paid to the Land Acquisition Collector and about Rs 4 lakhs to advances given for Drainage works.

(b) Advances amounting to Rs 18 528 311 were outstanding against the Executive Engineer Water Works for temporary connections. Out of this Rs 9 538-7-8 was advanced during the period from the year 1920-21 to 1930-31 and Rs 6 578-12-2 during the years 1931-32 to 1934-35. It is understood that the officer had submitted accounts for advances paid up to 1930-31 which have ever had to be returned for further information.

(c) Want of action for the recovery of some items of expenditure incurred on works the cost of which was recoverable from others have been reported in paragraph 10 (1) of the Audit Report for 1936-37. The Corporation has recently called for a detailed statement showing the list of unliquidated items up to 31st March 1937 relating to such works with short particulars. The final action for adjustment or recovery is awaited. The total outstanding on the 1st March 1938 amounted to Rs 1 18 803.

(d) Adjustment of Rs 1 59 446-9-8 advanced on different items for steel sheet piling trench cutting etc. previous to 1929-30 and Rs 10,000 advanced during 1932-33 was stated to be pending disposal of a suit filed by Messrs Bando & Co. Ltd. An advance of Rs 50,000 to Nadia Engineering Co. was also stated to be pending disposal of a suit filed by them.

(e) Advances amounting to Rs 2 71 500 made since 1931-32 to Messrs V. D. Swamy Trading Co. Ltd. on account of Water Works Extension Contract No. 21 would be adjusted at the time of passing of the final bill.

(f) Details of some other noticeable advances (some outstanding for over 5 years) are given in Annexure A attached.

PARA 10 (a)—The Chief Accountant reports—The outstanding balance has since come down to Rs 20 92 400 and steps have been taken for further reduction of the amount.

These advances are mostly payment for work done or goods purchased or land acquired or the like. There is very little recoverable advance included in the total.

PARA 10 (b)—The Executive Engineer Water Works reports—

Regarding unadjusted advances for temporary connections I should like to state that the amounts shown in the Audit Report comprises a number of small amounts being the values of stores issued in making a large number of temporary connections from time to time and strictly speaking they are not advances in real sense of the term as no cash money was ever advanced to the Executive Engineer Water Works on this score. The values of stores issued for each connection were adjusted by debit to this account with the orders of the Chief Executive Officer pending final disposal of the cases whether they were to be removed or permanently retained. It will not be out of place to mention here that these temporary connections are generally effected on the requisition of the Health Officer.

A statement of such account was previously submitted by me for adjustment of some of the old outstanding but that was returned to me for some further information.

I am however submitting shortly my proposal with a comprehensive statement of the advances referred to in the audit report for getting them adjusted after obtaining necessary orders.

PARA 10 (c)—The Chief Accountant reports—

A detailed statement of outstanding items was prepared by me and submitted to the Chief Executive Officer. The Heads of departments were asked by the Chief Executive Officer to send their reports to me early. The reports received are being dealt with by the Accounts Department. Adjustments have been made in some cases under orders of the Chief Executive Officer. In other cases will be placed before the appropriate Committee. A revised outstanding list as per the direction of the Corporation will be submitted to the Chief Executive Officer as soon as the above mentioned departmental reports and proposals for adjustment of the outstanding are disposed of.

PARA 10 (d e)—The Chief Accountant reports—

Advance of Rs 50,000 to Nadia Engineering Co. has since been adjusted as per J. V. 143/6 of 1938-39. The final bill of Indo Swiss Trading Co. Ltd. has not yet been received. The other advances are still lying unadjusted as the suit is pending.

PARA 10 (f)—The Chief Accountant reports—The cases cited in Annexure A are dealt with below—

STORIES

Result of Verification

11 Out of stores valued at Rs 102,791-11 shown in the account in stock on the 31st March 1938 R 7077993 represented the value of surplus pipes purchased in 1931 from Messrs Berrill and Comens & Co, which had not been made over to the Controller of Stores. Verified. The stores valued at Rs 240617-0-2 remained unadjusted at the end of the year. These included articles valued at Rs 147551 and R 1343151 issued in 1933-34 and 1934-35 respectively.

Amount of stamp duty wrongly debited to Loan Account

12 The cost of stamp duty amounting to Rs 13591 for raising loan was charged to the Loan Account of 1937-38 without the specific sanction of Government. Objection having been taken to a similar charge in paragraph 14 of the Audit Report for 1933-34 Government ordered that the amount should be refunded to the Loan Account. The Corporation have since moved Government for revision of the order. If the orders already passed are not modified by Government steps should be taken for the write back of the sum of Rs 13591 referred to above from the loan account.

Para 11. The Chief Accountant reports—
This is from a note dated 20th January 1939 by the Controller of Stores that some of the surplus pipes are now being put in Narkeldanga Main Road and the surplus will be delivered to Bhabazar Stores on completion of the work now in hand. Necessary adjustment by the Controller of Stores will be made as usual after their delivery to Controller of Stores and thereafter Store verification will be done in the usual way.
The balance of Rs 240617-0-2 was reduced to Rs 376332-5 on 16th February 1939. The unadjusted bills for 1933-34 and 1934-35 amounted to Rs 580002 and Rs 51012 respectively on that day.

Para 12.—The Chief Accountant reports—
This matter has been dealt with thoroughly in connection with the previous reports of the Auditors. Our contention is that the procedure of accounting which has been made applicable in the case of the Calcutta Port Trust should also apply to the Calcutta Corporation. It is hoped that Government will see the reasonableness of this contention and modify their orders. It appears from the concluding sentences of the Auditors' remarks in this paragraph that they have no objection to such a modification being made by Government.

Adjustment of old deposits

13 Outstanding deposits do not appear to have been regularly scrutinised to ascertain the reasons for their non-adjustment and some of them had to be adjusted after several years with out any details by mere credit to the Bulk Item 22 (n) Miscellaneous Receipts. Vide Instances below —

(i) Rs 1757.59 (out of Rs 178,139) and Rs 2097.10.9 deposited by the Telephone Corporation Ltd. Calcutta Tramways Co. Ltd. on 26th August 1927 and 26th April 1929 respectively for the restoration of a phylum pavement in certain roads were adjusted by credit to Budget Item 22 (n)—Miscellaneous Receipts—for want of papers. Action should have been taken in time to adjust these outstanding deposits against the cost actually incurred for these restoration work so that it might have been possible to ascertain whether any further sum was due to be credited in any balance refundable to the parties.

(ii) Two sums of Rs 5110.46 and Rs 4261.12.6 deposited by the Engineer Water Works Department on unduly dates from 3rd July 1926 to 2nd December 1933 for restoration of Indian Patent Stone and Brick masonry payments lying at credit of Deposit Miscellaneous Account so long were transferred to Lapsed Deposit Account by credit to Budget Item 22 (n) Miscellaneous Receipts (vide Journal Voucher Nos. 28112 and 28212 of March 1938).

A few items were scrutinised and it was found that out of the deposits of Rs 4 and Rs 10 on the 2nd July 1929 works to the value of Rs 313 and Rs 720 respectively were done in behalf of the parties and the balances of Rs 0.14.9 and Rs 2.14.0 refunded to them vide Cash Voucher Nos. 12713 and 1712 dated September 1935. Similarly Rs 4 deposited on 12th April 1933 was refunded to the party in full vide Cash Voucher No. 13267 dated September 1935. Clearly the expenditure on work and the refunds made which should have been met out of the respective deposits were wrongly accounted for at the time these were incurred. Although no rectification of the mistake need now be made the entry of these items in the Lapsed Deposit Register is clearly wrong and may lead to refunds which are not due. It may be ascertained by the Corporation whether the items now transferred to the lapsed deposit register should not be scrutinised in each case to see whether any refunds are actually due.

Register of cash received not available

14 A sum of Rs 4389.6 still to be deposited on 20th May 1927 by Mr. Trailukya Nath Mookerjee was refunded to him as per Cash Voucher No. 16050 dated 24th September 1937 in the certificate of the Accounts Department of its non-payment. As the Register of Cash received for the year 1927 was stated to have been destroyed in May 1938 and as further the receipt granted to the party in 1927 could not be furnished this refund could not be subjected to any audit check. If the admissibility of the refund was certified on the strength of entries in any records these should have been preserved at least till the completion of the audit of the years accounts.

Para 13 — The Chief Accountant reports —

(i) & (ii) In the usual course by lapse of time these deposits came to be adjusted by transfer to Budget No. 22 (n) Miscellaneous Receipts.

(iii) The items have been scrutinised as far as possible and no refund appears to be due. If decided these may be omitted from the Lapsed Deposit Register.

Para 14 — The Chief Accountant reports —

The records were destroyed as they became due for destruction as prescribed in the Office System Manual.

OUTSTANDING CONSOLIDATED RATES

Demand Collection Remission and Balance

15 (a) The figures for Demand Collection Remission and Cancellation and Balance on account of the consolidated rates for the last four years as shown in the accounts of the Corporation are detailed in Annexure B. The balance on the 31st March 1938 amounted to Rs 46,84,418 and Rs 41,71,411 at the end of 1936-37. The outstandings have thus increased to the extent of more than 5 lacs.

(b) The arrears on account of the previous year and the current year were as follows:

Department	Previous year	1937-38	Total
	Rs As P	Rs As P	Rs As P
Collection	4,80,061 - 0	10,12,228 2 6	14,71,289 8 3
Law	Details not available		18,44,743 6 4
Assessment	6,20,168 13 3	6,46,007 12 0	12,66,176 9 4
Lo	Transferred from Law Department		2,30,612 6
			46,84,418 1 4

(c) The percentages of collection in the year under review in the Collection and Law Departments are given below along with those of the previous year:

Year	Percentage of collection					
	Collection			Law		
	Arrear	Current	Aggregate	Arrear	Current	Aggregate
1936-37	63.3	90.8	86.8			81
1937-38	62.2	89.7	85.1	-	-	88

15 (a) — The Assessor reports —
Of the total amount of rate bills outstanding in this Department nearly one half is covered by the following premises noted below —

Premise	Quarter	Amount
		Rs
1) Clapnet Road West (Bengal Council Chamber)	1/31 32 to 4/37 38	4,24,820
(2) 11 Jogen Mukherji Lane (Circular Canal)	1/32 33 to 4/37 38	1,71,914
31 Canal Bouth Road (Bellaghata Canal)	1/35 36 to 4/37 38	
1 New Canal Road (New Canal)	1/35 36 to 4/37 38	
(3) 9 1 South Synther Road (Dum Dum Railway Station)	1/32 33 to 4/37 38	1,26,606
Total		6,09,390

The valuations of all the above premises are still under dispute and the outstanding amount relating to the Department will be considerably reduced as soon as these cases are finally decided.

The Collector reports —

So far as this department is concerned the increase of outstandings is due amongst other things to—

- (i) Considerable increase of demand by issue of supplementary bills, major portion of which was received during the later part of the year
- (ii) Increase of demand in respect of fresh bills
- (iii) Additional levy of Howrah Bridge Tax

The Chief Law Officer reports —

This has been dealt with under para 26

Corporation	Resolutions of the Corporation	Audit Rejoinder together with further replies of the Corporation	Final orders of Government
Chief Executive Officer's remarks			
	LARA 10 and 26(1)—that the Corporation find that about half of the outstanding shown against the Assessment Department is covered by cases concerning Government and the Railway. A portion of this has already been realised and the balance pending with Government for final settlement. 2) That the Auditors be informed that the Corporation have taken definite steps in this direction and that a Special Officer has been appointed to cope with the heavy outstanding in the Collection and the Law Departments and an improvement in the position is expected.	The question of preserving the registers for the purpose of entertaining a claim for refund of money ordinarily creditable to the revenue fund of the Corporation is to be considered with the other question whether the claim filed after it is barred would at all be entertained. At present no question of limitation is generally raised and refunds are allowed provided the deposits are traceable from the records available. This course is adopted in the light of the opinion held by the executive authorities that the Corporation as a public body should not raise the question of limitation unless it is so enjoined in the Act. The registers if permanently preserved would mean that we are ready to entertain any refund at any time. That is not merely a laudable position. <i>See untim General Bengal and Examiner of Local Accounts Bengal letter No. L A 2000 dated 29th November 1939.</i> LARA 15 - The result achieved in reducing the heavy outstanding taxes by the appointment of the Special Officer will be reviewed in the audit of 1939-40 accounts. <i>The Chief Accountant report - This relates to outstanding consolidated rates—No remark.</i>	(4) LARA 15 - Outstanding Consolidated rates. It appears that the amount of the Outstanding Consolidated rate has increased by more than Rs. 5 lakhs. The Corporation are requested to report at an early date for the information of Government the improvements effected in the realisation of the heavy outstanding dues as a result of the appointment of a Special Officer.

SECTION III—RECEIPTS

ASSESSMENT DEPARTMENT

Continued illegal grant of proportionate remission

16 In the case of partly occupied premises proportionate remission was being granted for the portion vacant under section 537 (c) of the Calcutta Municipal Act though this was not legal under the Act. This was pointed out in paragraph 17 of the audit report for the year 1928-29. In their letter No 131 J M dated 6th October 1936 to the Chief Executive Officer Government also observed that the grant of such remission was not admissible under section 537 (c) of the Act. The Advocate General too in reply to a reference made by the Corporation opined in January 1936 that the proportionate remission was not contemplated by any provision in the Act and that the practice of granting such proportionate remission should be discontinued. He further observed that such remission already granted should be revoked and fresh bills issued.

The grant of such illegal remissions was noticed to have been continued up to the 1st quarter of 1938-39. It appears that a sum of Rs 241,737.13 as detailed in Annexure C has been illegally remitted on account of partially vacant holdings during the period from 1928-29 (i.e. the year in which the point was first raised in audit) to 1937-38. The Chief Executive Officer has informed Government on 4th January 1939 that in view of the facts that the rate paying public had come to regard such remissions as all but guaranteed by law and that if the practice was stopped altogether there would be serious difficulties in realising the rates in full the Estates and General Purposes Committee decided to suggest an amendment of the Act which was under consideration. He has further informed Government that in view of the above he did not propose to consider the question of revoking the remissions at this stage.

PARA 16 - The Assessor reports -
The practice of allowing proportionate remission has been discontinued. Action is being taken to amend the Act so as to make a provision for allowing proportionate remission.

Corporation	Chief Executive Officer's remarks.	Resolutions of the Corporation	Audit Rejoinder together with further replies of the Corporation	Final orders of Government
		PARA 16 - That Government be informed that when the objection was raised by the Auditors they themselves were not sure whether it was illegal and the practice of allowing proportionate remission was discontinued as soon as a definite legal opinion was received. A proposal for amendment of the relevant section of the Municipal Act has already been accepted by the Corporation and will be submitted to the Government shortly.	Accountant General Bengal, and Examiners of Local Accounts Bengal's letter No. L. A. 2000 dated 28th November, 1939. PARA 16 - There was little justification for the continuance of the illegal practice of granting remission after the receipt of Government Order No. 131 T M dated 6th October 1936. The proposed amendment of the Calcutta Municipal Act even if passed will not validate the remissions already granted. It is therefore desirable to consider the question of revoking the illegal remissions already granted and if it be decided not to revoke the same it is to be considered how the said illegal remission would be legalised. <i>The Chief Accountant reports -</i> This relates to grant of proportionate remission for partly occupied premises. <i>The Assessor reports -</i> The Corporation at their meeting held on the 14th August 1939 have decided to amend the Act by inserting two clauses after Section 151 with a view to giving legal authority to the provisions of Articles 295 and 296 of the Assessment and Collection Manual relating to the granting proportionate remission at rate in suitable cases. The Secretary to the Government of Bengal Department of Public Health and Local Self Government has also been written to for taking necessary action for amendment of the Act. The Government in their letter dated 6th October 1936 stated that they were advised that Section 537 (2) does not cover such cases. As the matter was not altogether free from doubt opinion of the Advocate General was obtained. On receipt of the opinion of the Advocate General the practice of allowing proportionate remission has been discontinued after obtaining orders of the Chief Executive Officer. <i>Recommendation of the Finance Standing Committee as confirmed by the Corporation on 21st August 1940</i> That with regard to the amendments proposed to enable the Corporation to grant proportionate remission in case of partial vacancy of premises Government be requested to give retrospective effect to such amendments and to include a clause in the form suggested below - The amendments set forth in the proposed Section 151 A and 151 B shall have retrospective effect and shall be deemed to have been made with effect from the date on which the Calcutta Municipal Act 1923 came into force and all remissions which have hitherto been granted according to the principles laid down in those sections shall be deemed to be as valid as if they have been granted thereunder.

<i>Reduction of valuation under Section 146 of the Calcutta Municipal Act</i> 17 In several cases annual value of lands and buildings worked out under Section 127 of the Calcutta Municipal Act and finally fixed after hearing the objection under Section 139 of the Calcutta Municipal Act was again reduced under Section 146 on the very date of the disposal of the objection. The following are a couple of instances —				
No and name of premises	Annual value fixed after hearing appeal	Reduced annual value under Section 146	Annual reduction in taxes due to reduction shown in the previous column	
101 I, Clive Street ..	Rs 1 16 800	Rs 87 500	Rs 6 200	
3 Chowringhee Square	Rs 97 281	Rs 80 000	Rs 3 446 3 0	
The Chief Executive Officer was requested on 19th November 1938 to state the reasons for such reduction in the above case but no reply was received. As the reasons are not available the auditors have not been able to scrutinise the propriety of reductions.				
PARA 17 —The Assessor reports — The reply of the Chief Executive Officer has since been sent to the Accountant General Bengal a copy of the letter being put up below. I have the honour to refer to your letter No 1 A 1801 dated the 19th of November 1938 (and subsequent remittances) asking for the reasons for which the valuation fixed after hearing the objection under Section 139 of the Calcutta Municipal Act 1923 in respect of certain premises have again been reduced under Section 146. Before the matter can be proceeded with further I would like to be informed under what section of the Act the enquiry has been addressed and shall be glad to have an early reply.				

Corporation			
Chief Executive Officer's remarks	Resolutions of the Corporation	Audit Rejoinder together with further replies of the Corporation	Final orders of Government
PARA 17—The position is quite clear. Section 146 confers the right on the Executive Officer to exercise his discretion. It is not understood how the Auditors can interfere.		<i>Chief Accountant Bengal and Examiner of Local Accounts Bengal's letter No. 1 A 2000 dated 29th November 1949</i> PARA 17 The Chief Executive Officer in his letter No. S/658 dated 15th May 1939 stated as follows: The power conferred under this Section (Section 146 of the Calcutta Municipal Act) is entirely discretionary and the Chief Executive Officer is not required to place on record the reasons or grounds for any amendment made by him in exercise of such powers. The auditors however do not agree with this view. The Legal Remembrancer opined as follows on 13th June 1936: Section 146 (b) is wide. Legally the Officer is not limited as to the deductions he makes. The power of decision in these matters is given to the Officer and he has a right to err so long as he is left with the power. If he errs too much another Officer can be given the job. The Auditors cannot assume his functions but they are of course perfectly entitled to point out to the Corporation the inefficiency of the officer to whom this work has been entrusted. So unless the grounds for reductions and the details showing how the reduced valuation has been arrived at under Section 146 are recorded or furnished to the Auditors for scrutiny it would not be possible for them to see whether the officers vested with the powers under Section 146 of the Calcutta Municipal Act have been erring too much and are inefficient. It may therefore kindly be decided by Government whether the officers vested with the powers under Section 146 (b) should not furnish reasons for reductions and the details as to how the reduced valuations have been arrived at. <i>Chief Accountant reports—</i> This relates to stating reasons by Chief Executive Officer for reduction of valuation under Section 146 of the Act. This question does not arise in view of the opinion given by the Legal Remembrancer that legally the officer is not limited as to the reductions he makes. <i>Recommendation of the Finance Committee as confirmed by the Corporation on 21st August 1940</i> The Committee note with regret that the Legal Remembrancer has thought fit to use certain unhappy expression such as: He has a right to err. They do not agree with them in the opinion that the Auditors can question the efficiency of any officer of the Corporation. They can only draw the attention of the Corporation to an irregularity where such irregularity has actually occurred. They also note that the Auditor does not state whether the Legal Remembrancer has expressed any opinion on the point at issue viz whether the Chief Executive Officer is required to assign the reason for reduction.	PARA 17—Reduction of valuation under Section 146 of the Calcutta Municipal Act. No explanation has been furnished for the reduction of the valuation of the holdings in question under Section 146 on the very day of disposal of the objection under Section 139. Government suggest that the Corporation should reconsider their attitude to direct the Executive Officer to place on record as far as possible the reasons for any reduction of valuation made under Section 146 of the Act.

Auditors Report	Replies of the Departmental replies and Chief Accountants remarks
<i>Irregular reduction of the rent</i> 18 The annual valuation of premises 21A Narayan Sur Street was fixed at Rs. 685 with effect from the 2nd quarter 1933-34. The owner of the premises who had not paid any portion of the taxes for more than 4 years applied on 14th September 1937 for a reduction in the annual valuation by calculating the same at a percentage lower than the usual 5 per cent on the cost of erecting the building less depreciation. The annual value being in excess of Rs. 500 reduction of assessment by taking a lower percentage was not permissible under proviso (iii) below Section 127 (b) of the Calcutta Municipal Act 1925. The 1st Deputy Executive Officer however on the 26th September 1938 in view of the party's straitened circumstances reduced the valuation to Rs. 250 with retrospective effect from the 1st quarter of the 1938-39 financial year of the Act. It is doubtful whether Section 146 of the Act was intended to empower the Chief Executive Officer to reduce taxes on the ground of straitened circumstances. <i>Housing Buildings Taxation Municipalities Act</i> 19 Municipal buildings situated in the town of Calcutta which are not income derived are assessable to tax under Section 8 of the Housing Buildings Taxation Act with effect from January 1937. They have however not yet been assessed and no payment on account of taxes on the municipal buildings has so far been made by the Bridge Comm.	Para 13 The Assessor reports -- In the case of a premise of which the annual valuation exceeds Rs. 500 but the financial condition of the party is bad enough to justify reduction of valuation by taking a lower percentage under proviso (iii) of Section 127 of the Act relief is granted to party under Section 146 of the Act as lower percentage cannot be allowed on account of legal difficulty. I think Section 146 is wide enough to cover all cases of reductions allowed on the ground of straitened circumstances. Opinion of the Chief Law Officer may be obtained if necessary. The Chief Law Officer reports -- I agree with the view expressed by the Assessor. Section 146 gives discretion to the Executive Officer to reduce the amount of any valuation. Chief Executive Officer may exercise such discretion as he thinks best. The language of the Section is very wide and I do not see why it would not cover a case like the one under notice. Para 19 The Assessor reports Necessary action is being taken in the matter.
COLLECTION DEPARTMENT OUTSTANDING RATES <i>Want of proper provision leading to accumulation of arrears</i> 20. In their letter No. 186M dated 19th January 1943 Government lettered that a list of persons who were in arrears for Rs. 500 or more should be prepared and the reasons for non-payment and the steps taken to collect the same should be recorded therein. No such list was available. A few cases of such outstanding that came to notice in the course of audit are shown in Annexure D. I did not appear that any warrants were issued or any suits filed in these cases although the arrears were considerable and in some cases were outstanding for a long time.	Para 20 - The Collector reports -- Our reply to the further remarks made by the Accountant General, Bengal on Para 24 of the Audit Report for the year 1936-37 relating to the same question as raised herein namely preparing a list of persons who are in arrears of Rs. 500 or more was as follows -- The words 'list of persons' in the Government order are misleading and the matter has since been made clear to the Government auditor in connection with his query statement No. 535 of 1937-38. The accounts in this department are not kept by persons but by premises. What a bailiff does in a Group list is to prepare first a list of outstandings against a particular holding and afterwards these holdings are grouped together as far as they are known to be belonging to one party. This does not guarantee that each party of each bailiff has been regrouped with the same party of a different bailiff in mathematical certainty. It is inevitable for the reason that the bailiffs are about 200 scattered over the whole department and the parties of each bailiff are good many. Our Group list therefore is a list of holdings with their outstandings against persons.

No remark. <i>Accountant General Bengal and Examiner of Local Accounts Bengal's letter No L A 2000 dated 29th November 1939</i> Para 19—Though the Howrah Bridge tax has been imposed with effect from the 4th quarter 1936-37 this tax has not yet been paid on these Municipal properties. <i>The Chief Accountant reports—</i> This relates to assessing municipal properties from which income is derived to Howrah Bridge Tax. The properties were assessed to the Howrah Bridge Tax but the tax could not be paid as funds for arrears taxes were not provided in the current year's Budget. Transfer of funds having since been sanctioned by the Corporation arrangement is being made for payment of the amount. <i>Accountant General Bengal and Examiner of Local Accounts Bengal's letter No L A 2000 dated 29th November 1939</i> Para 20—The orders of the Government are awaited. <i>The Chief Accountant reports—</i> This relates to preparation of list of persons for arrears of outstanding rates for Rs 500 and more. No remarks.	(6) PARA 20—What of proposed action leading to accumulation of arrears. In modification of the orders contained in paragraph 2 (E) of their letter No 185-M dated the 19th January 1939, Government are pleased to direct that a separate list should be maintained of all properties with the names of owners (including Councillors, Aldermen and Municipal Employees) who are in arrears of comparatively large amounts (viz. Rs 500 or more) and showing the details of all outstanding dues, the reasons for non-realisation and the steps taken to deal with them.

Auditors Report	Replica of the Departmental replies and Chief Accountant's remarks
<i>Formal receipts not issued in certain cases of realisation</i> 21 In reply to the suggestion made in paragraph 35 of the Audit Report for 1935-36 for the introduction of a printed form of receipt for amounts received without sufficient details and for partial recoveries of bill the Corporation in their meeting dated the 25th May 1938 observed that the present arrangement to which no objection was taken by the parties should continue as the records maintained afford sufficient facilities for purposes of audit. The only record which the department could produce was the Collector's Suspense Deposit Register in which entries are made showing the amounts sent to the Treasurer who puts his seal in token of receipt against each item. It is however not possible for audit to satisfy itself that all sums the receipt of which have been acknowledged by the Collector or by his subordinates by letters or otherwise have been entered in this register. A proper check is possible if receipts in printed form with counterfoils are issued. The Collector however thinks that there are legal difficulties to the adoption of this procedure. If so audit will have to be conducted on the basis of entries in the Register. To ensure however that entries are duly made in this register in respect of all sums acknowledged the Collector or any other officer authorised to sign the acknowledgment should see that the necessary entry has been made in the Register and attest such entry in token of check at the time of signing the acknowledgment.	liable for them. This is not exactly a list of persons showing their liability. The difference must be understood. The existing lists serve our purpose well and are prepared without undue loss of time. As regards the particular instances cited in Annexure D remarks have been put against each in the said annexure. The Chief Accountant reports — The matter as to whether a list of properties or a list of persons must be made out is under consideration of the Chief Executive Officer.
COMMERCIAL MUSEUM <i>Sanction to the rate of rents for spaces in the Museum wanting</i> 22 During the year under audit more than Rs 4,000 were realised from various parties as rent on account of spaces occupied by their exhibits in the Commercial Museum but the sanction of the Corporation to the rate or rent to be charged has not been obtained as yet. In the absence of such sanction audit is not in a position to satisfy itself as to the correctness of the demands shown against the different parties. It is understood that the Estates and General Purposes Committee appointed a special committee for the purpose of recommending rates of rent and that at present the matter stands there. As rent is being demanded from September 1936 without proper sanction a decision in the matter should be expedited.	PARA 21 — The Collector reports — We have no objection to the suggestion. PARA 22 — The matter is pending before the Committee.

ENGINEERING DEPARTMENT <i>Went for Demand Register not kept for the year 1947-48</i> <i>Scuffo Linj etc</i> 23 In the case of unauthorised affixing of signs and posters on building materials with other public streets notices are issued for taking out licenses on payment of double the fees ordinarily payable. No register is however maintained to watch the consequent reduction. Maintenance of a demand register in suitable form is necessary to ensure proper check on these realisations.	JAN 23 — The Chief Accountant reports — The Chief Engineer has proposed the introduction of a set of registers and this has been accepted for future use.
HEALTH DEPARTMENT <i>Ambulance fees reduced</i> 24 Rule 2A (iv) of the rules for the Motor Ambulances empowers the Health Officer to reduce or remit in part or in whole the charges payable for the use of the ambulances. A few cases in which a reduction was made: 1 A reduction of Rs 1 allowed by Balu Adhikari, Bhuban Mulhary, Assistant Surveyor, Chief Valuer and Surveyor, Department of the Calcutta Corporation for the use of the ambulance on 29th October 1937 by one of his relatives. 2 A reduction of Rs 1 allowed by the Principal Medical Officer for the use of the ambulance on 29th October 1937 by one of his relatives. 3 A reduction of Rs 4 allowed on 14th July 1937 in respect of the trip for removing Mrs. Marks from Shalimar Rope Works to the Resident's General Hospital. The propriety of the reduction could not be ascertained in audit. The reasons for granting the same were not furnished by the Health Officer even though he was requested to do so by the auditors.	JAN 21 — The Health Officer reports — All the queries were submitted long before and these answers may be referred to. The Corporation rules have empowered the Health Officer to reduce or remit the ambulance charges in certain cases. The Health Officer made an enquiry and after proper investigation satisfied himself that in these cases he was justified in reducing the charges. It is not seen how the Government Auditor questions the action of the Health Officer.
<i>Went for a Demand Register in the Corporation for the year 1947-48</i> 25 The receipts from slaughter house include license fees in respect of the following: 1 Permit fees for Slaughter of animals 2 Fees from Hooked Boys 3 Fees from offal dealers 4 Fees from offal vendors 5 Fees from head vendor 6 Fees from hoofs and horns dealers. Demand Register is necessary to watch that the licenses are regularly renewed.	JAN 25 The Health Officer reports — Instructions are being issued for maintaining Demand Registers henceforth.

Para 24- The Health Officer satisfied himself that the reduction was justifiable and he exercised his discretion in the cases. I do not see how this can be questioned by the Auditors. Para 25- A Demand Register should be maintained by the Department as suggested by the Auditors.		1. Accountant General Bengal and Examiner of Local Accounts Bengal's letter No. L.A. 2000 dated 29th November 1939. PARA 23 - No remarks. 1. Accountant General Bengal and Examiner of Local Accounts Bengal's letter No. L.A. 2000 dated 29th November 1939. PARA 24 - No person was furnished by the Health Officer for reducing the ambulance fees in the case stated. The fact that the Health Officer has the discretion to reduce the charges for motor ambulance does not mean that whatever he does is proper and should not be questioned. It is the duty of the Auditors to scrutinise the propriety of his financial orders and to see whether the discretion vested in him in such matters is exercised properly with due respect to the interest of the tax payers (vid Section 122 (4) of the Calcutta Municipal Act). As however the then Health Officer Dr. Biswas is since retired and as the amounts involved are petty the question in question need not be pursued. The Chief Accountant reports. This relates to reduction of ambulance fees by the Health Officer in a few cases. This case is analogous to the one referred to in para 17 above and I think it was proper for the auditors not to make the objection at all. The Health Officer has nothing to add what was stated by his department before. The Auditors are not willing to pursue the objection. 1. Accountant General Bengal and Examiner of Local Accounts Bengal's letter No. L.A. 2000 dated 29th November 1939. PARA 25 - Action taken in opening a demand register as approved by the Corporation will be reviewed during the course of audit of the accounts of 1939-40.	(8) I was & 25 want a Demand Register in respect of license fee for unauthorized scaffolding and the Corporation's house. Government fail to understand how the Departments of the Corporation have somehow managed to check the reduction of the license fees without maintaining a Demand Register for the same. (9) Para 24 - Ambulance fees reduced. The Health Officer may be directed to record reasons for reducing the ambulance fees in future. 1. Para 25 - See above.

It will be seen from the above that the total outstanding on 31st March 1938 have increased from Rs 17,47,852 to Rs 20,13,965 i.e. by more than 12 lakhs and 60 thousands during the year under audit. The increase however was mainly due to heavy incoming of bills to the Law Department during the year.

DELAY IN TAKING ACTION

(a)—Arrear Taxes

27 A sum of Rs 14,852-11-0 was outstanding at the time when the present audit closed as owners and occupiers shares of consolidated rate in respect of 5, Dhurumtola Street from the 2nd quarter to the 4th quarter 1933-34 and the 2nd quarter to the 4th quarter 1934-35.

Para 26—The Chief Law Officer reports — It has been pointed out that the total outstanding in the Law Department on 31st March 1938 have increased by more than two lakhs and sixty thousand Rs has been pointed out by the Auditors this increase is mainly due to heavy incoming of bills to the Law Department during the year as against Rs 1,96,314 realised during the year there has been a transfer to the tune of Rs 4,88,637 which I should add was nearly 2 lakhs in excess of the amount transferred in the previous year (viz Rs 2,92,314). I have pointed out times without number that due to such heavy annual transfer the staff has proved to be inadequate and unable to cope with the heavy outstandings. The question of strengthening the staff has been pending before the Law Department Special Committee for sometime past and although the Committee have been convinced that the staff is inadequate and needs supplementing, no final decision has yet been arrived at. I may also mention here that in my reply to the previous Audit Report I pointed out that there is hardly any possibility of reducing the outstanding balance unless and until the transfer of bill is controlled and I cannot but repeat that this increase in the outstandings cannot be reduced unless the transfer is controlled and the staff is strengthened in the near future.

Para 27—The Chief Law Officer reports — By an order of the Honble High Court dated 29th July 1936, the Sheriff of Calcutta was directed to sell by public auction the right, title and interest of J. F. Madan in premises No 5, Dhurumtola Street in execution of a decree in Suit Kameswar Lal Gunerigalla—vs—J. F. Madan,

<i>Remarks of the Deputy Secretary Officer I —</i> Para 26—Transfer of rate bills from the Collection Department to the Law Department will have to be more strictly controlled. An annual transfer of nearly 4 lacs from the Collection Department is much in excess of the capacity of the Law Department to cope with with the staff at its disposal. This first thing to be seen is whether the Collector is transferring rate bills for realisation by suit which may have been collected with the exercise of powers he enjoys. If however it is found that with the best efforts by the Collector the transfer figures cannot be reduced there will be no option left but to reorganise and strengthen the Law Department to cope with the abnormal transfer made by the Collector. <i>Chief Clerk's remarks</i> There is no doubt that the Law Department requires further reorganisation and the matter has been taken in hand.	PARAS 15 AND 26—(1) That the Corporation find that about half of the Outstandings shown against the Assessment Department is covered by cases concerning Government and the Railway. A portion of this has already been realised and the balance is pending with Government for final settlement. (2) That the Auditors be informed that the Corporation have taken definite steps in this direction and that a Special Officer has been appointed to cope with the heavy Outstandings in the Collection and the Law Departments and an improvement in the position is expected.	<i>The Chief Accountant reports</i> This relates to maintenance of a Duplicate Register in the Corporation Slaughter Houses. <i>The Health Officer reports —</i> This Register will come into use from 1st April 1940. <i>The Joint General Engineer, and Examiner of Local Accounts</i> Bengal's letter No. L A 2000 dated 29th November 1939. Para 26—The result of the appointment of the Special Officer to cope with these heavy outstandings is awaited. <i>The Chief Accountant reports —</i> Bills outstanding in the Law Department—No remarks.	(10) Para 26—Law Department Heavy Outstandings The work of the department seems to be far from satisfactory. The Corporation are requested to submit within 6 weeks of the receipt of this letter a statement showing in detail the steps so far taken to reduce the heavy outstandings in the Law Department, the total amount outstanding at present, the amount actually decreased, not yet executed, the amounts covered by suits pending, letters several court orders in suit for the recovery of which suits have yet been instituted and any other matters likely to give a true picture of the work of the Department so that Government may decide whether a Special Audit or a thorough inspection of the Department by an officer is still required.

remarks

The Chief Tax Officer stated on the 10th December 1937 that since we had made preliminary to the institution of a suit. He again replied on the 22nd December 1937 that more than a year that searches and enquiries were being made preparatory to the filing of a charge. The file does not show that any action was taken after April 1937. It is desirable to expedite action as this heavy amount has been outstanding for a long time.

The Solicitors in charge of the sale have included in the sale proclamation the amount due on account of taxes in respect of these premises. As there is a chance of getting the amount out of the sale proceeds we are awaiting the result of the sale which is still pending. This explains the delay complained of in taking action.

(a) Exemption Fees

28 Exemption fees in respect of premises No 17/1 Asutosh Mukherjee Road under Section 567 (2) of Calcutta Municipal Act 1909 have not been paid off from the year 1931 the outstanding on 31st March 1938 being Rs 784.

Similarly exemption fees in respect of premises Nos 6 & 7 Bhatia Row have not been paid off from the year 1928 the amount due on 31st March 1938 amounting to Rs 1460.

In both cases the Collection Department passed on the claims to the Law Department in 1937. No suits however have yet been filed.

Para 28 The Chief Law Officer reports — Different Advocate General have given adverse opinion to the effect that it is doubtful whether the exemption fee forms a charge under the Old Act without any Registered agreement and even if it is so it is not binding on a bonafide purchaser for value without notice. In view of the above opinion all suits for realisation of exemption fee have been kept in abeyance unless any general line of action is decided upon for recovery of such dues. Regarding the present two premises apart from the legal difficulties pointed out above all the owners and interested persons have pleaded in the proposed suits could not be ascertained to enable us to file charges and suits if decided upon as a test case.

LICENCE DEPARTMENT

Outstanding License Tax

29 (a) From the following statement of total demand collection and balance it would appear that the license amounting to more than even last century under various sections of the Act were outstanding on the 31st March 1938. A classified statement of the outstanding amount is given in Annexure E. Some of the arrears date back to the year 1924-25.

Para 29 The License Officer reports — These outstanding demands being mostly irrecoverable are to be cancelled under Section 213 of the Calcutta Municipal Act. The outstanding irrecoverable demands for 1931-32 and 1932-33 have already been recommended for cancellation by the Finance Standing Committee and are pending for confirmation by the Corporation. A further list is almost ready and will be placed before the Committee as soon as possible. Lists of all outstanding arrears including 1925-26 to 1930-31 and 1931-32 onwards also are being made ready and will be placed before the Committee by batches. We are trying our best to act upon the resolution of the Corporation that the list of irrecoverable demands should be placed before the Committee within the next financial year and once the outstanding lists so far due are cancelled we hope to be upto date in future. As regards the lists for 1924-25 I have already reported that they were placed before the Committee by the late License Officer Mr C. O. Mitra but I could not lay my hands on them after that nor do I find any resolution of the Committee recommending their cancellation. As these lists are not traceable and as it is not worthwhile dragging them on year to year I would submit that the entire outstanding demand of Rs 22,915 for 1924-25 be cancelled in lump by a resolution of the Finance Committee and the Corporation.

Under the present provisions of the Act and the Rules

30 Permanent stalls at a daily market are as assessable to a minimum license fee of Rs 12 per annum vide item 64 of Schedule VI of the Calcutta Municipal Act and paragraph 27 of the Town Manual. But many permanent stalls at the Bowbazar Market were assessed at Rs 4 only in 1937-38. It was stated that the parties were allowed reduction of license tax under Section 175 (c) of the Act in previous years and that the relief continued in 1937-38. Under paragraph 47 of the License Manual the order for all was then to file out license under a lower class could not however be shown as they were stated to have been destroyed long ago. As the relief is being continued from year to year either the original order should have been preserved in support thereof or sanction under Section 175 (c) should have been given. It was stated that the circumstances of the parties in which they were assessed previously at a lower class remained unchanged during the year under audit. As the order reducing the fees were destroyed presumably with all papers relating thereto it is not clear how the circumstances in which the order was issued were ascertained.

MARKETS

Lapses in collection of rents

31 A sum of Rs 1555.69 represents the rent and additional rent of rooms F 41 and E 88 up to the February 1937 was allowed to be accumulated against the occupier Mr H. Choh of College Street Market. The accumulation in respect of E 41 was for more than 255 days. The goods in the rooms when seized and sold by public auction fetched Rs 1139 only leaving a balance of Rs 416.69. It is proposed to write off this balance as under-consideration.

Under Rule 13 of the Byelaws for the improvement of market etc. and Management of Municipal Markets rent of stalls is payable daily. The question of writing off revenue in the above case would not have arisen if the above rule was properly enforced.

A list of losses which appeared in the accounts of the year owing to the infringement of the above rule is given in Annexure F to this report.

PARA 30. The license Officer reports those relate to petty shopkeepers and dealers in a market on whom an imposition of a tax of Rs 12 as permanent stallkeeper could be hardly justified and would practically kill their small business. The relief granted to them under Section 175 (c) in previous year was allowed to be continued for the year. The action is not forthcoming now. However in future sanction will be obtained before granting them relief for the satisfaction of the Auditors which however I may mention is not necessary under the License Manual (vide License Manual Para 47).

PARA 31.—The Superintendent College Street Market reports—

The occupier of the room Nos E 88 and 41 fell into arrears to the amount of Rs 1555.69 on account of rent and additional rent. The goods of the rooms as well as the right of occupation were auctioned and sold at Rs 1550. Out of this amount Rs 1139 the price of goods was adjusted against the outstanding rent of the rooms and the balance of Rs 416.69 was paid as initial rent by the new tenant. The balance of outstanding dues was Rs 416.69 on account of additional rent. So the actual loss to the Corporation was Rs 569 though the paper loss figures at Rs 416.69. A portion of the goods seized by the Corporation was taken possession of by the Deputy Registrar Court of Small Causes Calcutta on the ground of his seizure otherwise there might not have been any necessity for writing off even Rs 416.69.

The rent of the room No E 88 was fixed at Rs 100 per month for the previous occupier. After his vacating the room the rent was revised and fixed at Rs 139 per month with effect from 1st September, 1937. Thus there has been a recurring gain of Rs 444 per year in respect of the room No E 88.

marks of the Deputy Executive Officer I— Para 31—The collection of rent in the Municipal Market is kept at a very high standard and it can compare favourably with collection made by any department of a similar public body. Considering the volume of the demand the amount cancelled every year is infinitesimal. It is true that most of the stalls are to pay daily rent and attempt is made to realise such rent daily. But as the markets may be taken to be a business concern more or less it is not possible, nor is it advisable in the interest of the administration to take immediate action when few of such stalls fail to pay their rent daily. It may have the effect of killing some of these stalls. The payment of daily rent is strictly enforced. Regarding Rule No 13 of the Bye-Laws for the Inspection of Markets etc and Management of Municipal Markets viz rent of stalls payable daily it is submitted that the rule is generally enforced Allowance is sometimes made under extraneous circumstances Since 1930 the world has been in the midst of the greatest depression it has ever experienced The present slump is more severe than any of its predecessors in its depth extension and duration It has already exploded the pet theory of trade cycle So under the present condition of trade the strict enforcement of the rule may indeed avoid the paper loss with which the Auditors are concerned but the actual loss to the Corporation may be much greater There is already a large number of rooms in the Markets unoccupied and if the existing tenants find it difficult to obtain any breathing time in their hard struggle to carry on in the distant hope of a revival of trade the vacancy may go up resulting in a greater loss to the Corporation On examination of records it will be found that as far as College Street Market is concerned there was practically no outstanding in rent or additional rent prior to 1930 Attempts are no doubt made to enforce the rule in case of daily and monthly tenants as best as possible The occupier of the room No E 68 was a monthly tenant There was in fact no laxity on the part of the Executive in their attempts for realisation of the dues The market is something like a trading concern The amount of Rs 416 69 if it is a bad debt is not a bad figure in consideration of the annual receipt of the market viz Rs 2 45 000 The Superintendent S S Hogg, Market reports - With reference to the Audit Report for 1937-38 so far as this market is concerned regarding the losses which appeared in the accounts of the year owing to the infringement of Rule 13 of the Bye laws for the inspection of Market etc and Management of Municipal Markets I may point out at the outset that the total losses as appeared in the accounts of the year amount to Rs 77 69 which is an infinitely small figure in comparison with a collection of about 8½ lacs and hence the loss referred to is a negligible one There is a great practical difficulty in enforcing the rule referred to by the Government Auditor The only remedy that lies with us for realisation of Corporation dues is to take action under a Notice of Demand and the usual procedure that we have got to follow takes some time before the final execution of the notice under a Distress Warrant It is not practicable to issue a Notice of Demand for default of rent for a single day The Department is always on the alert to see that there is no loss of revenue but we have on occasions to concede time to the parties In the cases referred to in the annexure F it will be seen that the Department seized the goods of the parties concerned under Distress Warrants and could have realised Corporation dues in full if there had been no dearth of buyers due to acute economic distress There was thus no laxity on part of the Department The Superintendent Fntally Market reports - With reference to the cases relating to the Fntally Market Miscellaneous Stalls Nos 29 49 64 and No 37 I may submit that in view of trade depression causing a large number of vacancies in the market we could not afford to be too strict in each one of the cases referred to by the auditors Since that would have the only effect of scaring away our tenants adding to the number of our vacancies and thus affecting our revenue ultimately It would thus appear that it was in the interest of the market that we did not strictly enforce rule 13 of the Bye Laws The fact that all told only Rs 59 and odd were written off under Section 213 during 1937-38 proves that we were as strict as the circumstances permitted The Superintendent Park Circus Market reports - With reference to two cases 78 A and 74 in the Park Circus Market, I may submit that so far as 74 is concerned we could not afford to be too strict in the case Since that would have the only effect of scaring away not only this tenant but others as well the market consisting of only a cluster of temporary stalls As the party had hardly any goods to be distrained towards satisfaction

THEATRES <i>Inspection Fees not realised</i> 32 Under Clause 82 (now 85) of the Theatre Bye laws framed under Section 559 (52) of the Calcutta Municipal Act 1899 (sanctioned by the Local Government on 13th January 1908) the Corporation at their meeting dated 21st April 1909 prescribed the levy of inclusive fee of Rs 16 for each inspection of all fire appliances etc at the theatres under Clauses 30 to 81 of the said Bye Laws. Those inspections were then done by outside agency and the fees were paid to them by the Corporation and recovered from the theatre managers. This system did not however continue long and after a short period the work of inspection was entrusted to the Corporation employees and the realisation of such fees was discontinued but the order of the Corporation for the non realisation of such fees could not be shown. Although no fees are now being paid to any outside agency the cost is still being incurred in the shape of pay of the departmental inspecting staff. In view of this the matter is brought to the notice of the Corporation for consideration and orders as to whether the discontinuance of the realisation of the fees in question has their approval. SECTION IV - EXPENDITURE CALCUTTA MUNICIPAL CORPORATION <i>Net expenditure exceeds the sanctioned limit</i> 33 The Corporation resolved on 7th October 1936 that the excess of expenditure over the income of the Calcutta Municipal Corporation should be limited to Rs 5,000 in any one year. It will however be seen from the figures given below that with regard to the year 1937-38 the expenditure exceeded the income by Rs 6,186. <table><tr><th>Year</th><th>Income</th><th>Expenditure</th><th>Deficit</th><th>Remarks</th></tr><tr><td></td><td>Rs</td><td>Rs</td><td>Rs</td><td></td></tr><tr><td>1937-38</td><td>30,124</td><td>38,678 — 2,368 36,310</td><td>6,186</td><td>Excludes Rs 2,368 being outstanding advertisement commission of 1936-37 paid in 1937-38</td></tr></table>	Year	Income	Expenditure	Deficit	Remarks		Rs	Rs	Rs		1937-38	30,124	38,678 — 2,368 36,310	6,186	Excludes Rs 2,368 being outstanding advertisement commission of 1936-37 paid in 1937-38	faction of our dues we could not enforce daily payment as per Rule 13 of the Bye laws referred to in the Audit Report. We did not however relax our efforts to realise as much of the arrears as we could afford to even after the party had left the market and had no other alternative but to get the balance of Rs 17.50 written off under Section 213 of the Act as there was no further hope of any recovery. As for Stall No 78 A—(Musammam F K Choudhury) I may submit that the party raised a small bamboo structure and went on paying rents though she actually carried on no business there in as a matter of fact the lady had paid all told Rs 103 before her death and that all in the expectation of a full fledged market on the site in near future. Though she fell in arrears before her sudden death we had every hope that we would realise our dues if she were only alive. Besides her husband had a big stake in the market and did actually pay Rs 35 out of the outstanding demand of Rs 135.80 on his wife's behalf after the latter's death. We had nothing to doubt the lady's <i>bonafides</i>. Her sudden death however deprived us of our dues more so because she had hardly any goods in the said stall. Hence the necessity for getting the amount of Rs 100.80 written off as irrecoverable under Section 213 of the Municipal Act. PARA 32—The D E O II observes— It is no doubt true that we cannot trace and as such we could not supply to Audit query any order of Corporation directing discontinuance of realisation of fees. Possibly there is no such order in existence. The section has become obsolete by disuse. Whether Corporation after appointing their own agencies did not encourage certificates from outsiders or the system of recognising outsiders to give certificates of guarantee to disuse is not traceable from any records. Only the presumption is drawn from long disuse that the section was not acted upon because Corporation has made its own arrangement for twenty four hours vigilance and inspection. PARA 33—The Editor Municipal Gazette reports— During the year 1937-38 the limits of expenditure exceeded by Rs 1,186 only and this was due to abnormal circumstances beyond the control of the Department. The most important factor was, however, a falling off in advertisement revenue due to the Sole Advertising Agent's inability to maintain the maximum level of guaranteed advertisements. The fact was discussed at the last Budget Special Committee meeting in connection with the provision of Receipts under Budget item 15 A—Calcutta Municipal Gazette—Advertisement fees when the Chief Accountant observed as follows—The contract with Mr Khemka expired last year and there was considerable delay in renewing the contract. Mr Khemka did not therefore work as before, not being quite sure of his contract. The result was that the Corporation suffered loss and Mr Khemka also sustained loss to the extent say 25 per cent. Even after the renewal of the contract Mr Khemka could not do the same amount of work as before as he said he was under a handicap.

CITY ARCHITECTS DEPARTMENT	In this connection I should like to observe that the resolution of the Corporation referred to by the Government Auditor was based upon a mis-conception as the publication of the Gazette of any year cannot be regulated according to its receipts. The expenditure incurred during the year in question was covered by the budget grant, but when the receipt fell short of our expectation it was not possible to curtail the expenditure accordingly. I would further add that the Gazette cannot be treated as a trading concern. It has more than once been recognised that the Gazette has enhanced the prestige of the Corporation immensely in the eyes of the world, and its educational value and help in popularising the municipal government of the city is greater than the small sum that the Corporation have to spend over its publication. The proceedings of the Committees and the Corporation relating to the publication of the Gazette show that when the paper was started in 1924 the principal motive was to educate the citizens of Calcutta in civic affairs and to carry on health propaganda. At that time the Corporation clearly laid down that the main objects of the venture were (1) to supply information about the decision and activities of the Corporation (2) to develop the civic sense of the people of Calcutta (3) to counteract unjustifiable criticisms of the Corporation (4) to publish Corporation notices regarding contracts and other matters (5) to furnish vital and hygienic statistics and (6) to incorporate its forerunner the weekly bulletin of Market Prices Current. The last of these is a statutory obligation of the Corporation and the rest are designed to promote public health and convenience of the citizens of Calcutta. To regularise the expenditure of a year on the basis of the income of that particular year by a fixed margin I am afraid cannot always be practicable nor does this question arise in the case of the Gazette as it does not arise in regard to other public activities of the Corporation. The expenditure incurred over the Gazette is covered by section 177 (XVIII) of the Calcutta Municipal Act 1923. This view has already been reiterated by the Corporation and has been confirmed by a notification (Calcutta Gazette dated the 5th December 1935) by the Local Self Government Department of the Government of Bengal which clearly says that the Publication of the Calcutta Municipal Gazette by the Corporation and the expenditure incurred in connection therewith are matters likely to promote the public health and convenience etc.
Personal allowance in addition to increment in substantive pay	PARA 34 - The Chief Accountant reports —
34 On the 17th February 1937 the Corporation sanctioned a personal allowance of Rs 15 in favour of Babu Nirmal Chandra Chowdhury a clerk of the Building Department working at the Municipality Office. The grounds for the grant were —	There is nothing in the resolution of the Corporation that his personal allowance will be decreased with each increase of pay in his grade. According to the Government rule it is also open to the sanctioning authority to direct that no such decrease be made.
(1) Abnormal increase of work at the Municipality Office and (2) the clerk had been drawing the maximum of his grade (Rs 40-5-12s) for several years	
Babu Nirmal Chandra Chowdhury was transferred to the Central Office on 7th September 1937. The scale of pay was also raised by the Corporation to Rs 40-5-150 with effect from 1st April, 1936 and Babu Nirmal Chandra Chowdhury began to draw Rs 150 from 1st April 1937 and is drawing Rs 135 from 1st April 1938. The full amount of personal allowance of Rs 15 is also being drawn all along in addition. As the circumstances justifying the personal allowance have materially changed the matter is brought to the notice of the Corporation for considering whether the amount thereof should not be correspondingly reduced as his substantive pay increases. This is what is ordinarily done in the case of a Government servant.

	PARA 34—That the Corporation agree with the Chief Accountant that in raising the scale of pay of Babu Nirmal Chandra Chowdhury it was not the intention of the Corporation to reduce his personal allowance. In fact there is nothing in the Corporation Service Rules to support the contention of the Auditors.	Content General Bengol and Letter of Local Accounts Bengal letter No L A 2000 dated 29th November 1919. PARA 34—The Corporation agree to have raised the point. The point is that the personal allowance was granted to the Chairman of the Corporation on the basis of his work at the Manicktola Office and (2) draw the maximum pay of Rs 125 for several years. As he has since been transferred from the Manicktola Office to the Central Office and as the maximum pay of his grade has since been raised from Rs 125—150 both the grounds on which the personal allowance had been sanctioned now ceased to exist. It is therefore for the Corporation to reconsider whether his personal allowance would still continue and if so on what grounds. The Chief Accountant reports—This relates to the grant of personal allowance.	(11) PARA 34—Personal allowances in addition to increment in substantive pay. The attention of the Corporation is invited to the Audit rejoinder with the request that the matter may be reconsidered as suggested by the Auditors and the decision of the Corporation communicated to Government.

ENGINEERING DEPARTMENT <i>Deputation of Dr B N Dey</i> 35 Dr Dey while on leave in England was required by the Chief Executive Officer to instruct the Counsel engaged in connection with a Privy Council Appeal then pending (Port Commissioners vs Corporation of Calcutta) for the period from 12th October 1936 to 20th November 1936. Dr Dey was accordingly treated as on deputation vide Corporation resolution dated 22nd November 1936 and all well to draw his substantive pay plus a deputation allowance at Rs 750 per month equivalent to his motor car duty and house allowances. Sanction of Government is necessary for the deputation allowance according to the proviso to Section 51 (1) of the Act. <i>Enforced Payment of Overtime Allowance</i> 36 A suit for arrears overtime allowance amounting to Rs 206 40 and other reliefs was allowed to be decreed against the Corporation for the said amount plus costs amounting to Rs 30-10-0. The amount was paid on Voucher No 8602 dated 19th July 1937. The plaintiff (Gopal Chandra Das) worked as an Assistant Tube well Driver from 1st September 1933 to 30th November 1936. He had submitted a petition on 11th July 1934, praying for the allowance but no action was taken then. About a year after he had filed a bill for overtime allowance amounting to Rs 206 40 at a uniform rate of 4 hours per day for the entire period of his service was made out on 21st November 1935 all on one day on fresh muster rolls for this man only and submitted by the Executive Engineer Water Works for payment with the report that the man had actually worked overtime. The Chief Executive Officer however refused to sanction payment in the absence of satisfactory evidence of overtime work. After another petition on 6th July 1936 the man preferred the suit. On the report of the Chief Law Officer that the evidence of the superior officers of the Water Works Department was likely to be in favour of the plaintiff the Officiating Chief Executive Officer agreed on the 9th July 1937 not to contest the suit. Although the payment was made in pursuance of a decree the matter is brought to the notice of the Corporation as the claim related to overtime allowance which required their sanction but was never put up to them for consideration. The fact that the claim could not be passed by the Accounts Department owing to absence of record of overtime work in the muster roll is also brought to their notice.	PARA 35.—The Chief Accountant reports — Government in their letter No 384M dated 14th March 1936 sanctioned the deputation allowance of Dr B N Dey for the period from 12th October 1936 to 20th November 1936. PARA 36.—The Executive Engineer Water Works reports — The reason why the question was never placed before the Corporation is to be found in the auditor's own note wherein he states that the Chief Executive Officer refused to sanction payment in the absence of satisfactory evidence for overtime work. As against the omission in the muster roll the fact that the Tube Well did work for 12 hours a day as well as the fact that the Driver was duly paid overtime allowance for 4 hours extra work daily should be taken into consideration. The Assistant Tube-Well Driver was engaged to help the driver in keeping record of tips of lorries made in Garden Reach and the lorries used to draw water from the Tube Well during the whole period that the tube well worked. These are positive proofs that the Assistant Driver worked overtime. The fact is further corroborated by the notes (1) of Superintendent Water Works dated 27th November 1935 (2) of Offg Superintendent Water Works dated 15th November 1935 and (3) of Executive Engineer Water Works dated 28th November 1935 and all these officers spoke from personal knowledge. There can be no doubt left that the man did overtime work. The real trouble was that he did not know that he was entitled to overtime payment until after his services had been dispensed with. Had he known it and claimed it earlier the Officer would have taken orders to enter such overtime attendance in the muster roll earlier and the whole thing would have been regularised in proper time.

<i>Delay in considering tender causes loss</i> 37 Tenders for the construction of additional menials quarters at Lallah Lumping Station were opened on 10th September 1936 and were current for 3 months from that date. The tenders however were submitted for the consideration of the Corporation on 9th December 1936 and as the latter desired information as to the part of the matter could not be dispensed with till 22nd December 1936 when a tender amounting to Rs 34,759 13-0 was selected. The tender had however lapsed in the meantime viz on 15th December 1936 and as prices had risen in course of the interval the selected contractor was not bound by his previous offer. Fresh tenders were invited and the Corporation finally accepted a tender amounting to Rs 79,117 4-0. For this loss of about Rs 4,000 the Engineering Department appears to be primarily responsible. Under Paragraph 173 of the Office System Manual a comparative statement of tenders was due to be laid before the Water Supply Committee within a week after they were opened. In this case however it was not till 26th November 1936 i.e. after 2 months and 11 days that the comparative statement was placed before the Committee.	Para 37—The Executive Engineer, Water Works reports: Although the contractors at first withdrew their tender they subsequently in a letter dated 30th August 1937 agreed to abide by the same. This letter was printed in the agenda but it appears it was decided in the circumstances of the case to call for fresh tenders. The Department can hardly be blamed for the fact that the fresh tenders were higher than the previous one which the Committee had the option to accept. I do not think the Government Auditor is justified in questioning the wisdom of the Committee in discharging the tenders.
<i>Laying electric cables between Malukhat and Pallah</i> 38 Similarly in the case of laying electric cables from Lallah Lumping Station although the tenders were opened on 6th May 1937 it was not till the 28th June 1937 that they were submitted to the Works Committee for consideration. It was then after provision of funds the Corporation accepted the tender of Mr S. N. Paul (on 4th August 1937) and the report was informed of this (on 17th August 1937) the period for which it was open till 10th August 1937 had already elapsed. The contractor stated his inability to supply the material under contract of 10th August 1937. This was a result of the fact that the tender had to be altered. The contractor's tender which was the lowest and which was accepted was for the same work as had been expected before but exceeded the last offer by Rs 980. There could have been no occasion for this loss if the department concerned did not make delay in the submission of the original tenders to the Works Committee.	Para 38—The Chief Engineer has forwarded the following note of the Electrical Engineer: Tenders in this connection were opened on 6th May 1937 and were received by me on the 8th or 9th May 1937. Report was submitted on 19th May 1937 for approval of the Chief Engineer. An item was submitted on 29th May 1937 and item was sent up by the Chief Engineer on 1st June 1937. The matter was not held up in the Department for more than 20 days. The Audit Report therefore is wrong in saying that there was delay in the department in submitting the original tender to the Works Committee. A reference to file shows that the item was first on the agenda on 24th June 1937 with all reports and motions. All the rest of the delay due to which it could not be placed until a day too late has been in the various committees. It should be pointed out that this department is not responsible for intimation of acceptance nor for issuing of letters in time when there is likelihood of delay in the final disposal of a tender to tenders to keep their tenders open if they can. The Secretary reports that the item was disposed of by the Works Committee on the 28th June but as a motion was tabled for reconsideration of the matter it could not be proceeded with further. The motion was disposed of on the 15th July after which the item had to be placed before the Finance Committee and almost simultaneously (3rd August) the tenders were asked to extend time. It is not possible usually to send intimation of acceptance on the very next day after the Corporation Meeting.

		PARA 37 That the Corporation are of opinion that the Auditors are not entitled to question the <i>bona fide</i> decision of the Committee which expected to get a lower tender	<i>Accountant General, Bengal and Examiner of Local Accounts Bengal's letter No L A 2000 dated 29th November 1939</i> PARA 37 - The Corporation have missed the point at issue. Exception was taken not to the calling of fresh tenders but to the delay in placing before the Corporation the tenders of September 1936 which led to the calling of fresh tenders and loss of about Rs 4000. On 7th July 1937 the Corporation also called for an inquiry into the responsibility for the delay but no findings appeared to have been come to. To avoid such loss tenders should promptly be disposed of within the stipulated period. <i>The Chief Accountant reports -</i> This relates to delay in considering the tender regarding construction of additional mess quarters at Tallah Pumping Station. From what was stated by the Department in their previous reply and from the resolution of the Finance Committee confirmed by the Corporation on 13th September 1939 it would be seen that in this case the Water Supply Committee decided to discharge the old tender and call for fresh tenders in expectation of getting a lower tender. The Department therefore cannot be held responsible. Then again the point referred to in the resolution of the Corporation dated 7th July 1937 relates to delay in forwarding the agreement to the Contractors after acceptance of their tender by the Corporation and is altogether a different matter from the delay in placing the tenders of September 1936 before the Corporation. This point has been thoroughly dealt with in the agenda of the Water Supply Committee dated 17th September 1937. <i>Accountant General, Bengal and Examiner of Local Accounts Bengal's letter No L A 2000 dated 29th November 1939</i> PARA 38 - No remarks <i>The Chief Accountant reports -</i> No remarks	(12) PARA 37 - Delay in considering tender causes loss The Corporation are requested to issue necessary instructions so that tenders in future may be invariably disposed of within the stipulated period.

<i>Loss over supplying filtered water in Manikola area</i>	
39 (a) The expenditure involved in the supply of filtered water by lorries in the Manikola area during 1936/37 amounted to about Rs 112,466 of which about Rs 22,500 was paid in 1937-38 and the balance in the previous year. The tender for the supply during 1936/37 was called for as late as October 1936 and the decision on the tenders was reached in July 1937, i.e., after the year was over. For supplies made from January 1937 to March 1937 the contractors were paid at the rates offered by them and accepted by the Corporation in July 1937. But for supplies from April to December 1936 involving an expenditure of about Rs 90,000 they were paid at Rs 170 per trip which was the rate in force for the year 1935/36. If the rates offered by the contractor when tenders were called for in October 1936 were appreciably less than Rs 170 per trip and on the assumption that the quotations would have been more or less the same at the beginning of 1936/37 there would have been a saving of about Rs 20,000 if tenders were called for in due time. Under Section 63 of the Act the Corporation is required to call for tenders at least 7 days before entering into any contract involving any expenditure exceeding Rs 1,000. The provisions of this Section were not followed. The payment made at the old rate for the work done during the period from April to December 1936 did not therefore comply with the provisions of the law.	PARA 39.—The Executive Engineer reports — There is no justification for Auditors assuming that the quotations would have been more or less the same at the beginning of 1936-37, i.e., that the prices were steady for 7-8 months. On the line of argument it might as well be said that the amounts paid in 1935/36 were also too high although the payments were made on the basis of accepted tendered rates. In fact, there would be no end to such argument. Corporation dated 9th September 1936, sanctioned extension of their contract at Rs 170 per trip from 1st April 1936 till the question of estimate and tender for 1936/37 for supply of filtered water by lorries at Manikola area was settled. As regards the delay in calling for tenders the following history of the case will explain the position — On 9th December 1935 the Executive Engineer Water Works asked the Estimator to put up an estimate at once for supply of lorries in Manikola from 1st April 1936 to 31st March 1937 together with draft specification. This was followed up by another note dated 8th January 1936 requesting the Superintendent Water Works to put up an estimate by 9th January 1936. An item together with an estimate for Rs 96,000 was sent up on 14th February 1936. On 12th March 1936 the Deputy Chief Accountant returned the item on the ground that there was a provision of only Rs 42,000 in the Budget for 1936/37 and the estimate could not be certified. The question of provision of funds was placed before the Chief Executive Officer through the Chief Accountant vide Executive Engineer Water Works note dated 17th March 1936 and on 9th April 1936. The Chief Executive Officer ordered that the estimate was to be revised. In the meantime the question of funds was referred to the Budget Special Committee who at their meeting dated 10th March 1936 reduced the provision to Rs 30,000. The Executive Engineer Water Works (Mr. Chakravarti) was on privilege leave from 20th April 1936 to 31st May 1936 and Mr. P. C. Gupta was of assistance for him during the time. On 21st May 1936 the Officer Executive Engineer Water Works reported to the Chief Executive Officer that the expenditure during the months of April and May 1936 being Rs 25,492 already it was not possible to curtail it to any figure below Rs 96,000 required. The matter was discussed between the Officer Executive Engineer Water Works and the Chief Executive Officer on the 28th May and again on the 8th June 1936 when he ordered that an item was to be placed before the Water Supply Committee. Accordingly, an item explaining the situation in full was put up again on the 13th June 1936. The matter came up before the Water Supply Committee on the 16th July 1936 when the Committee postponed consideration of the matter for definite suggestions from the Chief Executive Officer as to how to reduce the cost and the head. The matter was placed before the Water Supply Committee on the 27th August 1936 when they recommended amongst other an estimate amounting to Rs 96,000 for sanction. The Corporation sanctioned the estimate on the 9th September 1936 and tenders were called for thereafter which were received on the 6th November 1936. The tenders were set up with my note before the Water Supply Committee dated the 10th December 1936 who recommended tenders of 8 contractors who were to supply at a uniform rate to be fixed by the Chief Engineer. The Corporation however on 26th January 1937 did not accept the recommendation of the Water Supply Committee and referred back the matter. The Committee on 4th March 1937 reaffirmed their previous resolution and the Corporation on 30th March 1937 again referred the matter to them. At last the Corporation on 7th July 1937 accepted the tender of 8 contractors at different rates.

		1. Assistant General Bengal and Examiner of Local Accounts Bengal's letter No. F A 2000 dated 29th November 1939 PARA 39 - Even if the question of saving of about Rs 20,000 from April to December 1936 be ignored it is evident that there would have been a saving of over Rs 3,000 at least had the tendered rates been enforced from 7th November 1936 (the date following the date of opening of the tenders) instead of from 1st January 1937. It is not clear why the Contractors were not informed after the opening of tenders that they would be paid at their tendered rates instead of at Rs 170 per trip up to 1st December 1936. The Chief Accountant reports This relates to alleged loss over supplying filtered water in Mambhatla area. The Executive Engineer reports - In reply to Item 39 (a) of the Audit Report for 1937-38 I said that the Corporation on 9th September 1936 sanctioned extension of the contract of Rs 170 per trip from 1st April 1936 till the question of estimate and tender for 1936-37 was settled. The Water Supply Committee finally settled the matter on 21st December 1936 and the Corporation on 7th July 1937. The Department gave effect to the Committee's resolution with effect from 1st January 1937 in anticipation of the Corporation sanction. Such being the case I fail to see how the Department may be to blame.	(13) PARA 39 - Loss over supplying filtered water in Mambhatla area Statement are not satisfied with the explanation given by the Corporation. Evidently the Corporation suffered loss to the extent of at least Rs 3,000 not more in this case due to inordinate delay in accepting the orders. Steps should be taken to fix responsibility for the loss and report of the action taken should be submitted for the information of Government within three months of the receipt of this letter.	

Auditors Report	Replies of the Departmental replies and Chief Accountant's remarks
(b) A further statement of expenditure fully narrated for the above work during 1936-37 is submitted. The mentioned estimate however provided for Rs 90,000 only. No action appeared to have been taken by the Executive Engineer, Water Works, in obtaining the sanction of the Corporation for the excess expenditure though about 21 months have elapsed after the close of the year 1936-37. It is suggested that expenditure in excess of the estimate with a statement of particulars of the Corporation Sanction should be obtained early. (c) Expenditure incurred during 1937-38 also exceeded the estimate of Rs 90,000. It is suggested that the Executive Engineer, Water Works, should submit a revised estimate as being submitted.	It would appear from the foregoing history of the case that so far as the Department is concerned there was nothing that was left undone. The whole trouble appears to have started on the wrong principle that estimates were to be prepared on the basis of Budget provision instead of Budget provision being made on the basis of estimates particularly in a job like this where the work cannot be done in parts nor can there be any arrear left to be done in future. There can be no arrear in the work of supply of water by lorries like this. PARA 39 (b) — It would appear from Corporation resolution dated 3rd February 1937 that they sanctioned the appropriation of Rs 38,000 from the closing balance to meet the total expenditure of Rs 1,12,466. I do not know why over and above such a sanction another sanction is necessary to the estimate. A revised estimate of 1936-37 has since been sanctioned by the Corporation on 31st March 1939. PARA 39 (c) — The revised estimate of 1937-38 was sanctioned by the Corporation on 18th January 1939.
HEALTH DEPARTMENT <i>To the Corporation</i> 40. Sub-Committee on Sanitation. Minutes taken on 1st Feb by the Corporation for the year from 1st March 1935 to 29th February 1936 at Rs 150 per month for the location of the Mosquito Control Office. The lease expired on 29th February 1936 but the office continued in the same premises without the previous approval of the Corporation. The Budget Special Committee however while considering the Budget for 1936-37 decided on 9th March 1936 that the office should be shifted to the Town Hall. This was confirmed by the Corporation on 19th March 1936. The lease was intimated accordingly on 20th March 1936 but the claimant for the month of April 1936 as due notice had not been given and it was sanctioned by the Corporation on 20th July 1937 on the opinion of the Law Officer. Thus the Corporation had to suffer a loss of Rs 150 for want of proper action by the Health Department. They should have placed the matter before the Corporation in sufficient time before the expiry of the lease and if they did so it is probable that the shifting would have been ordered from 1st March 1936. If the Corporation saved the expense of paying rent for the period for which the premises were occupied without their previous sanction.	PARA 40. The Health Officer reports — the question of shifting the Mosquito Controlling Office to the Town Hall was once previously raised and the matter was very carefully gone into by the Chief Executive Officer, the Estates and General Purposes Committee and then by the Corporation and it was decided by the last named body on the 5th September 1934 that the Mosquito Controlling Officer's office should be located in Samabaya Mansions for administrative convenience. Hence the department could not reasonably anticipate that the Budget Special Committee would all of a sudden decide on 9th March 1936 upon shifting the Mosquito Controlling Officer's office to the Town Hall from 1st April 1936.
LAW DEPARTMENT <i>Defence of Dr J P Choudhury</i> 41. In accordance with the orders issued by Dr J P Choudhury District Health Officer fees for the grant of vaccination certificates were illegally realised in certain cases. In one such case a fee of Re 1 realised from Mr H Graham ICS District Magistrate of 24 Patna was in March 1936 one of the vaccinators who had realised the fee alleged that he had made over the amount to Dr Choudhury. As the amount had neither been credited to the Corporation fund nor refunded to Mr Graham Mr Choudhury was prosecuted for criminal misappropriation and was acquitted on appeal as there was no proof that the money had actually been made over to him. The order of the sentence of Dr Choudhury was met out of the Corporation funds under the orders of the Chief Executive Officer who had been given powers to sanction expenditure under Section 537 (d) of the Calcutta Municipal Act 1923 to obtain legal assistance for securing the lawful exercise or discharge of any power or duty vesting in or imposed upon the Corporation or any municipal officer or servant. The amount involved was Rs 10,027.	PARA 41 — The Chief Law Officer reports — I do not agree that the Section 537 has been misapplied in this case. The reply of Chief Executive Officer to the Accountant General Bengal with reference to the notice served under Section 123 B (1) of the Calcutta Municipal Act deals with the matter in details. I quote the said reply below — With reference to the notice No L.A. 2715 dated the 20th February, 1939 served on me under Section 123 B (1) of the Calcutta Municipal Act 1923 I have the honour to state as follows — It appears that the Auditors have taken exception to the costs of defending Dr J P Choudhury as being an item of account contrary to law on the ground that he acted illegally in authorising the levy of fees and that the case against him did not arise as a result of any lawful exercise of discharge of any power vesting in or duty imposed upon him.

Auditors Report	Departmental replies and Chief Accountant's remarks
The auditors are of the opinion that the Section of the Act has been misapplied in this particular case. The case did not arise as a result of any lawful exercise or discharge of any power vesting in the officer or duly imposed upon him. Dr Choudhury acted illegally in authorising the levying of fees and there is no authority in the Act for incurring any expenditure arising out of an illegal action of a Corporation servant. Apart from this Dr Choudhury did not exercise the ordinary prudence of prescribing a detailed procedure for the custody of money realised and the maintenance of an account of the collections. Had he done this, there could have been no occasion for this criminal case. As Dr Choudhury acted illegally and without ordinary care the taxpayer should not have been made to bear the cost of his defence. <i>Prima facie</i> the Chief Executive Officer who sanctioned the expenditure is liable to be surcharged. The auditors will pursue the matter further if necessary on receipt of his explanation as laid down in Section 123 (b) of the Calcutta Municipal Act.	In the first place I have to point out that there is no finding of the Appellate Court that is directing the levy of such fees. Dr Chowdhury acted illegally or unjustifiably. On the other hand it appears that the learned District Judge who presided over the said Court accepted his explanation that he directed the realisation of the fees because he construed the order of the Chief Executive Officer as one which empowered him to do so. This sufficiently indicates that the learned Judge accepted the position that Dr Chowdhury acted in the matter lawfully and in the exercise of the power vested in him as aforesaid. The circumstances in which Dr. J. P. Chowdhury authorised the levy of such fees were as follows:— On 13th March 1936 Dr Chowdhury (then D. H. O. IV) submitted proposal to the Chief Executive Officer suggesting that four annas should be charged for the vaccine lymph in the interest of the Corporation and one rupee should be charged for vaccination certificate fees in the interests of the District Health Officers concerned. This proposal was accepted on 14th March 1936 by the Chief Executive Officer with the remark that fees realised should go to the Corporation funds. Thereupon Dr Chowdhury sent a note to the Health Officer asking him to place the matter before the Public Health Committee for their sanction. He (Dr Chowdhury) bonafide construed this order of the Chief Executive Officer as being a permission to collect the fees suggested in anticipation of such sanction. He accordingly intimated the said order to his Assistant Sanitary Officers and asked them either to realise the fees or to take an undertaking from the parties that they would pay the fees when demanded after the sanction of the Corporation. It may be mentioned here that such action on the part of Dr Chowdhury was justified and necessary as by the time we obtained the approval of the Committee the epidemic season which was then current might be over resulting in the loss of these fees. Dr Chowdhury apparently proceeded on the basis that Chief Executive Officer having passed order approving of the scheme of realisation of fees for vaccination certificates a duty was imposed upon him (Dr Chowdhury) to see that effect was given to the same and further that a power was vested in him to realise the fees in question. It was in the exercise of this power and/or in the discharge of this duty that he authorised realisation of the fees in question. The learned District Judge also held that there was no dishonest intention on the part of Dr Chowdhury when he ordered realisation of the fees. The above facts and circumstances on a fair and impartial consideration go to show beyond any doubt that in authorising the levy of the fees he acted bonafide in the interest of the Corporation and in lawful exercise or discharge of the power vested in or duty imposed upon him. In this case Dr Chowdhury was in his official capacity charged with criminal misappropriation in respect of fees realised or caused to be realised by him in the circumstances set out above. The prosecution against him was one concerning or connected with the lawful exercise or discharge of a power or duty. As the charge made against him was on the face of it unfounded and malafide it was up to the Corporation to defend him in the interest of the administration the efficient working of which demanded protection of their employees from vexatious and unfounded charges made against them for action taken bonafide in the course of their official duties. The facts and circumstances of the case pre-eminently called for legal assistance at the cost of the Corporation not only in the interest of the officer concerned but in the interest of the employees of the Corporation in general. In affording legal assistance to Dr Chowdhury in the circumstances set out above it is submitted that Section 537 of the Act has not been misapplied as the Auditors allege or at all. The application of this Section to the present case was absolutely justified and in order. In conclusion it may be pointed out that the Chief Executive Officer did not act in the matter solely on his own authority or in the exercise of his own discretion.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.
	having applied for legal help he (Chief Executive Officer) referred the matter to the Services Committee with a view to ascertain their views. On 9th March 1937 the said Committee authorised the Chief Executive Officer to afford such legal assistance as he might consider suitable as per their resolution which run as follows — That the Chief Executive Officer be authorised to afford such legal assistance as he may consider suitable to Dr J P Chowdhury D H O IV in connection with the case brought against him by one Sudhur Kumar Bose. It was pursuant to such orders and in exercise of the authority given by the said Committee that the Chief Executive Officer passed orders to engage Mr A N Chaudhuri and Mr G P Chatterjee having due regard to the gravity of the charge and the position of the officer concerned. On a fair and impartial consideration of all the facts and circumstances of the case it will appear that the objection taken by the Auditors is unwarranted and unreasonable and that the item of account to which exception has been taken cannot be characterised as being contrary to law. I have accordingly the honour to request you to consider the matter in the light of the observations made above and to withdraw the notice of surcharge.
<i>Papers not produced in Audit</i> 42 Rs 146 and Rs 60 were paid in cash vouchers No 1013 dated April 1937 and 3326 dated May 1937 as pleader's fees for defending Dr Bimalananda Ukil Medical Officer Ultadanga Dispensary in a criminal case brought against him by one Abdul Raschid. As the relevant papers could not be produced no audit scrutiny could be exercised to see whether the case had any connection with the lawful discharge of his official duties and whether the amount could be legitimately expended under section 537 (d) of the Act.	42—The Health Officer reports — The following report by the Medical Officer of the Ultadanga Dispensary Dr B Ukil was given on 21 November 1938 in reply to the Comptroller's Audit's query No 42 of 1937/38. While discharging my official duties on Abdul Raschid an inhabitant of the locality where the dispensary is situated created some disturbance and actually abused me as I could not satisfy him to examine a patient brought by him in preference to others who had come before him and prevented me from performing my duties. He subsequently filed a false case against me in the Criminal Court and the Chief Executive Officer was pleased to order that I should be defended at Corporation cost as I was served with summons by the Sealish Police Magistrate. On the order of the Chief Executive Officer Babu Ambuj Kumar Chattarjee was engaged as my lawyer. Ultimately the case was dismissed as false and I was honourably acquitted. The above are the facts of the case. As regards papers I do not understand what papers the Government Auditors want to see. Only a summons was served and the Chief Executive Officer passed his order on that paper which was possibly handed over to my pleader. There are no papers in the connection with me. I have nothing further to add. The above report of the Medical Officer may be placed before the proper authorities. In the meantime I am asking the Chief Law Officer to obtain a certified copy of the judgment. As soon as this is received it will be sent to you. There are no papers in this connection in my office.
SECTION V—MISCELLANEOUS SURVEY DEPARTMENT <i>Non maintenance of an important Register in the Survey Department</i> 43 The Register in Form No Sur 12 to show a question and use of lands as required under paragraph 515 of the Engineering Manual is not maintained by the Chief Valuer and Surveyors Department. In the absence of the Register audit is not in a position to scrutinise the disposal of land acquired by the Corporation or to bring to notice any surplus lands which may be lying undisposed of for a long time and from which the Corporation is not getting any return. The Register should be introduced immediately. The matter was brought to the notice of the Corporation through the auditors' interim report dated 7th July 1938. The action taken thereon by them has not yet been communicated to the auditors.	Para 43—The Chief Accountant reports — The Corporation at their meeting dated 8th February 1939 resolved as follows: That the Auditors be informed that a Register in Form No Sur 12 has been started and is being maintained since October 1938. The above resolution was communicated to the Joint Auditors as per Secretary's endorsement No 9/6806 dated 27th February 1939.

Hogainshah Park—No authority from Corporation

44 About 9 bighas of land were acquired in 1920 at Momimpur in connection with the construction of a road and the estimate provided for the sale of surplus lands not actually thrown into the highway. The surplus lands were accordingly divided into plots for sale and the allotment plan was duly sanctioned by the Corporation in 1931-35. It appears however that plots No 17 to 21 measuring about 1 bigha and 7 kottahs out of the surplus lands have been converted into a park without the sanction of the Corporation and expenditure incurred irregularly for its upkeep.

Para 44—The District Engineer District No IV reports—

It appears that the District Committee on 14th February 1931 accorded administrative sanction to Engineer's estimate amounting to Rs 969 for erecting pale fencing round the Corporation land at the junction of Momimpor Lane and Momimpor Road in Ward 24. On 23rd June 1931 the District Committee sanctioned executive the Engineer's estimate amounting to Rs 810-10 (including Rs 38 90 for contingencies) based on the lowest tender for erecting pale fencing round the Corporation land at the junction of Momimpor Lane and Momimpor Road Extension. On 9th July 1932 the District Committee sanctioned the revised estimate of Rs 993 based on the actual works done for erecting pale fencing round the Corporation land at the junction of Momimpor Road and Momimpor Lane. From the above it will be seen that the Corporation surplus land was fenced off in 1931 with the sanction of the District Committee and since then it has been used as a park. I tried to find out when this park had been constructed or when the name had been given but no files are traceable in the office. Chief Valuer and Surveyor was also referred to but he could not give any information on the subject. It appears that this surplus land has all along been treated since 1931 as a Corporation park although the sanction of the Corporation for this is not traceable. However to meet the objection of the Government Auditors I suggest that the matter be placed before the Corporation through Estates and General Purposes Standing Committee for formal sanction.

The Chief Accountant reports—

The Chief Law Officer of the Corporation expressed his views on the matter as follows—

The power under Section 477 (iii) is in addition to the power under Section 30. In the present case the expenditure being below Rs 5000 sanction under Section 477 (iii) is sufficient.

The Chief Accountant further reports on 28th July 1939—

The orders of the Chief Executive Officer have been communicated to District Engineer IV for placing the matter before the Estates and General Purposes Standing Committee.

Loss in manufacture of screens																					
46 Twelve cast iron screens manufactured at the Entally Workshop (vide Transfer Statement No 1830 of 20th December 1937) were found to be useless as they were not up to the specification prescribed by the indenting department. They had accordingly to be converted into craps involving a net loss of Rs 9483 which was written off by the Chief Executive Officer. As the power to write off such losses has not been delegated to the Chief Executive Officer the formal sanction of the Corporation seems to be necessary	PARA 46—The Chief Accountant reports — The cost was adjusted by debit to Profit and Loss Account of the Workshop under orders of the Chief Executive Officer. The auditors hold that sanction of the Corporation is necessary to this write off. In reply to query statement page 243 of 1937/38 we stated that this is not a case of writing off a demand but of adjustment of cost incurred by the Manager, Entally Workshop.																				

Auditors Report	Replies of the Departmental replies and Chief Accountant's remarks.
<i>Letty Losses</i> 47 Letty losses not referred to in the preceding paragraphs which were discovered in the course of audit of the accounts of the year and which on examination appeared to have been caused by negligence are summarised below the details of each case being given in Appendix C Police Costs—Rs 170-0-0 vide Item 1 of Appendix G Rent of a Municipal Cabin—Rs 220 9 3 vide Item 2 of Appendix G License fees for collection of rags and bones—Rs 200-0-0 vide Item 3 of Appendix G Rent of Market Stalls—Rs 318 4 0 vide Item 4 of Appendix G	Instances of losses during the manufacture of articles are not rare. Ordinarily, when such a loss occurs the Workshop sends a Transfer Statement debiting the loss to their Profit and Loss Account Journal voucher numbers 5401/12, 5402/12 and 5418/12 of 1937/38 are some examples of this nature. These were passed for adjustment without the sanction of the Chief Executive Officer even. The auditors have ticked off these Journal Vouchers which shows that they have got no objection on these accounts. Such things happened in the previous years also and the auditors never raised any objection. So far as the present case is concerned the question before the Chief Executive Officer was to decide whether the loss should be borne by the Asphaltum Department or by the Workshop. There are no reasons why the matter should go up to the Corporation. PARA 47—Item (1) of Annexure G —Police cost—Rs 170 The City Architect reports — The Finance Committee went into the merits of the case and recommended writing off of the demand as unrealisable at its meeting held on 7th March 1936 and the Corporation on the 26th March 1938 confirmed the recommendation of the Finance Committee. Item (2) of Annexure G—Rent of cabin Rs 220-9-3. The Collector reports — This was a case of disputed possession. The miscellaneous bills in question being all rent bills the department had no other alternative than to wait till the dispute regarding date of possession was settled by the Survey Department who were dealing with the same. Rent bills are not recoverable by distress warrants. Still every effort was made to induce the party to pay and it was on the pressure given by this department that the party had deposited some money towards payment of bills. The whole circumstances were placed before the Corporation who were pleased to cancel the remaining bills. Item (3) of Annexure G—Rs 300 License fees for collection of rags and bones The Chief Law Officer reports — It appears that the then Law Officer (Late Mr. B. B. Mukherjee) who all along dealt with the case discussed the matter with the Surveyor and Valuer and the party and made certain suggestions for settlement of the claim but the party ultimately did not agree to abide by them with the result that the late Mr. Mukherjee placed the matter before Chief Executive Officer and suggested a suit. It is not possible for me to say whether or not the late Law Officer discussed the matter with Chief Executive Officer as desired by him on 28th July 1930 or why a suit was not filed as suggested by him. The bills in question were not transferred to this Department until December 1934 by which time they became barred and the whereabouts of the party became unknown. In the circumstances it was hardly possible for this Department to take any action. Item (4) of Annexure G—Rent of Market Stalls—Rs 318-4-0 The Chief Law Officer reports — No action could be taken against the receivers as they had no legal liability for payment of arrear rents. The amount was thus irrecoverable from the very beginning and no action taken during the 5 years could have saved it. There was thus no alternative but to get the claim cancelled. In the circumstances the Law Department cannot be said to be responsible for the loss as suggested.

Corporation	Chief Executive Officer's remarks	Resolutions of the Corporation	Audit Rejoinder together with further replies of the Corporation	Final orders of Government
			<i>Accountant General Bengal and Examiner of Local Accounts Bengal's letter No L A 2000 dated 29th November 1939</i> PARA 47—Annexure G—The Departmental replies accepted by the Corporation do not show that these losses could not have been avoided. As however the amounts involved are petty and as the Corporation have written them off the auditors do not propose to pursue the matter further. <i>The Chief Accountant reports—</i> No remarks	

(Sd) S N CHATTERJEE,
Examiner of Local Accounts

(Sd) E R SESHU IYER,
Accountant General, Bengal

The concluding portion of the Chief Accountant's note regarding the further remarks of the Accountant General Bengal and the Examiner of Local Accounts as per their letter No LA 2000 dated the 29th November, 1939 —

As per the "Rules regarding Audit of Accounts of the Calcutta Corporation" these rejoinders have to be published in newspapers in parallel columns with each item of the original report, the replies of the Corporation and final orders of the Government

These Audit Rules have no provisions for including in the publication any replies of the Corporation to the audit rejoinders. Rule 6 of the said Audit Rules however, provides that when there is a difference of opinion on any point between the Corporation and the Auditor, the matter together with the explanation of the Corporation if any shall be referred by the Auditors to the Local Government for orders. This suggests that in all cases where the Auditors do not agree with the Corporation, the further comments of the Auditors should first be sent to the Corporation for their replies if any, and they may be then referred to Government.

The time allowed for submission of the Audit rejoinders and the further replies of the Corporation is two months only from the date of our submitting the original replies which in this case was 23rd September, 1939.

The Accountant General of Bengal and the Examiner of Local Accounts however ignored the provision of Rule 6 and sent the Audit rejoinders to Government direct on 29th November, 1939 *i.e.*, after the expiry of the said period of two months. A copy of their letter to Government has been sent to us.

Similar further remarks on the Audit Reports for 1933-34 to 1936-37 were also sent by the Joint Auditors direct to Government and only copies of their letters to Government were sent to us.

In connection with the further remarks on the Audit Report for 1933-34, the Corporation, at their meeting on 8th June 1938 resolved as follows —

"That the attention of Government be drawn to the fact that Rule 6 of the rules regarding audit of accounts to the Calcutta Corporation has not been complied with by the auditors inasmuch as before making a reference to Local Government under this rule they have not given the Corporation an opportunity to offer further explanation, if any, *on the points on which there was a difference of opinion*."

We should communicate to Government our views on the further remarks of the Audit Report in question now before Government passes final orders for publication of the same as we did in the case of the rejoinders to the reports for 1933-34 to 1936-37.

*Showing particulars of petty loss**(Vide paragraph 47 of the report).*

CITY ARCHITECTS DEPARTMENT

1 A miscellaneous bill (No 856) for Rs 170 in respect of the cost of maintaining police watch from 27th December 1929 to 7th February, 1930 to prevent unauthorised construction at Nos 17 19 and 21, Bhowani Dutt Lane was issued by the City Architect on 14th September 1937. As the demand had already become time barred the amount had to be written off. The Building Department appears to have been responsible for the loss.

COLLECTION DEPARTMENT

2 The Municipal cabin in front of the Imperial Bank was leased out on a rent of Rs 26 a month to one Bonai Rout who was given nominal possession thereof on 22nd November 1935. The cabin however was in need of repairs and it was after these had been done by the Engineering Department that the lessee got actual possession and this was from 1st February 1936. He accordingly applied on 3rd March 1936 for the rent to run from 1st February 1936. The petition was granted but not till eleven months had elapsed in the process. In the meantime the Collector suspended action for realising the rents with the result that these continued to accumulate. Allowing for 3 months rent deposited on 23rd May 1936 the arrears amounted to 9 months rent in January 1937 when the petition was finally disposed of. Another 5½ months rent accumulated before it was discovered that the party had no assets to make realisation possible and he was asked to vacate. Out of an accumulation of Rs 376 9 3 a sum of Rs 156 was adjusted against the security deposit and the balance of Rs 220 9 3 cancelled by the Corporation on 13th July 1938. The loss could have been avoided if the Collection Department did not suspend action for realisation pending orders on the party's petition.

3 A sum of Rs 300 due from Sh. Nizam Uddin & Ors for the license of collecting rags and bones in Cossipore area for the period from December, 1929 to February 1930 was cancelled by the Corporation on the 6th July 1938 as having been time barred long ago.

On 25th July 1930 the Law Officer informed the Chief Executive Officer that the arrears could not be realised except by a suit and that if a suit was to be filed, it should be done at once. On 28th July 1930 the Chief Executive Officer desired the Law Officer to discuss the matter with him. This did not appear to have been done. Neither was any suit filed nor any other action taken. In October 1932 the Collection Department in which the bills were outstanding obtained the file from the Law Department and the fresh enquiries which they started showed that the debtors had meanwhile disappeared. The bills too in the meantime became time-barred.

LAW DEPARTMENT

4 A sum of Rs. 313 being rents and additional rents as detailed in the margin was outstanding from the lessees of stalls Nos A-45 and A-47 of the Sir Stuart Hogg Market on the 1st October 1930 when Messrs Abinash Chandra Dutt and Basanta Kumar Dutta having obtained a decree were appointed Receivers by the High Court and took possession of the goods in the stalls. They vacated stall A-45 with effect from 6th October 1930 and A-47 with effect from 21st December 1930, when the outstanding rent and additional rent of these two stalls amounted to Rs 318/4. As the Market Superintendent did not find it possible to make the collection the case was transferred to the Law Department on the 5th May 1931. The Law Department issued a notice of demand on the Receivers on the 18th May, 1931, but thereafter took no action for more than 5 years. The amount had become time barred in the meantime and had to be written off as irrecoverable (Corporation resolution dated 21st January, 1938). The Law Department seems to be responsible for the loss, on account of their failure to take action for more than 5 years.

Extract from the Minutes of the Proceedings of the Finance Standing Committee dated 11th July, 1941

29 PARA 39 OF THE AUDIT REPORT FOR 1937-38 — The Committee were asked to consider the observations of Government on para 39 of the Audit Report for the year 1937-38—Loss over supplying filtered water in Manicktolla area

The Original Audit Report for the year 1937-38 with the departmental replies was considered by the Finance Committee at their meeting held on 28th and 29th August, 1939. The recommendations of the Committee were duly confirmed by the Corporation on 13th September, 1939.

The Finance Committee at their meetings held on 16th, 30th July and 8th August, 1940 considered the further remarks of the Joint Auditors on the replies of the Corporation to the Audit Report for the year 1937-38 together with the departmental replies thereon and on their recommendation, the Corporation on 21st August, 1940 accepted the departmental replies regarding this para. A copy of the resolution together with the replies was accordingly forwarded to Government who now puts the following objection —

‘Government are not satisfied with the explanation given by the Corporation. Evidently, the Corporation suffered loss to the extent of at least Rs 3,000 if not more in this case due to inordinate delay in accepting the orders. Steps should be taken to fix responsibility for the loss and report of the action taken should be submitted for the information of Government within 3 months from the receipt of this letter.

The above is an extract from the final orders of Government on the Audit Report for the year 1937-38 as per their letter No 671-M, dated 23rd April, 1941. The letter was received by Calcutta Corporation on 24th April, 1941. The replies in this case are, therefore, due for submission to Government not later than 24th July 1941. The matter was placed before the Corporation through the Finance Committee for consideration and necessary orders under orders of the Chief Executive Officer.

The final orders and observations of Government on other paragraphs of this Audit Report for 1938-39 with the remarks will be submitted to the Committee separately.

(The original objections raised by the Auditors in para 39 of the Audit Report, 1937-38 together with the departmental replies attached)

In reply to the Chairman, the Chief Accountant said that the position was this. There was delay in finally disposing of tenders for the supply of filtered water by lorries in Manicktolla area during 1936-37 and the contention of the Government Auditors was that because of that delay the Corporation had to pay a higher rate resulting in a loss to the Corporation, for which the Government now say that somebody must be held responsible. The Executive Engineer Water Works has explained the position very clearly in his report. He has pointed out that the Corporation on 9th September, 1936 sanctioned the extension of the contract from 1st April, 1936 till the question of estimate and tender for 1936-37 was settled. The Water Supply Committee considered the new tenders and made their recommendation on 21st December, 1936 and on the 23rd December the department issued intimations to the contractors giving effect to the resolution from the 1st January, 1937 in anticipation of Corporation sanction. Such being the case, he failed to see how the department could be blamed.

Mr Burns said that this matter came up before the last Finance Committee and although he did not exactly remember the details, his impression was that the Finance Committee were satisfied that the Corporation were not remiss.

The Chairman The Auditors said that the provisions of Section 69 of the Act have not been complied with in this case. Therefore, if there is any dereliction of duty, it lies with the agency which is responsible for not complying with Section 69 of the Act.

The Assistant Secretary In this case there was no fresh contract from 1st April, the old contracts were continued by the Corporation by their resolution dated 9th September pending disposal of new tenders.

Mr T C Roy Is there any question of infringement of Section 69?

The Assistant Secretary It will be seen from the extracts that in their further remarks the Auditors have abandoned that point. In their first report, they estimated the loss to be in the neighbourhood of Rs 20,000 but in their further remarks on the Corporation's replies, the loss has been estimated to be about Rs 3,000.

The Chief Accountant The Executive Engineer Water Works has explained that the Corporation accepted the new rates on 7th July 1937 while the department enforced the new rates from 1st January 1937, immediately after the Water Supply Committee considered the new tenders, where then is the blame? On the contrary the department should be thanked.

The Chairman The Auditors say 'It is not clear why the contractors were not informed immediately after the opening of tenders that they would be paid at their tendered rates instead of at Rs 170 per cup.'

Mr Dalal That is no business of theirs.

The Chairman What Government now say is that they are not satisfied with the explanation given by the Corporation. The Government say 'Evidently the Corporation suffered loss to the extent of at least Rs 3,000 if not more etc.' It is not evident to us. They are proceeding upon a hypothesis which is not correct.

The Chief Accountant The Auditors want to encroach upon the rights of the Corporation and the Committee. What they say is that when the new tenders offering lower rates by the contractors were opened the Corporation should have insisted upon paying the contractors on the basis of the new rates instead of the old rates from the date of opening of the tenders.

Mr Burns Was it not stated in the resolution as to the period for which the new rates would be given effect to?

The Assistant Secretary The period of contract specified on the tender form was 'from 1st April 1936 or any subsequent date,' meaning thereby the date of acceptance by the proper authority. The Water Supply Committee's resolution was passed on 21st December 1936, but the Corporation did not finally accept the recommendation till July when the contract had ceased.

Mr T C Roy When did the old contract expire?

The Assistant Secretary On 31st March, 1936.

Mr N N Dalal The practice is that an item is sent up to the Committee a few months before the expiry of the contract and I want to know why the matter came up in September.

The Chief Accountant said that an item with estimates was sent up for the Committee on 14th February, 1936, but owing to reasons, stated in the Departmental reply to the Auditor's remarks, tenders were delayed.

The Assistant Secretary The question of delay which you are now discussing has been dropped by the Auditors. In their further remarks the only contention they make is that the lower rate should have been enforced by the executive from 7th November, 1936, instead of from 1st January, 1937.

Mr N N Dalal When was the tender opened?

The Assistant Secretary 6th November, 1936.

The Chairman As a matter of fact the Government Auditors have shifted their ground First of all they said that there was inordinate delay to which we gave a reply Now they say that the real default was that the new rate was not enforced from the date of opening of tenders

The Special Officer What the Executive Engineer, Water Works, says is that he went out of his way and induced the contractor to accept the lower rate from 1st January 1937 without waiting for the final decision of the Corporation which he need not have done What the Auditors say in effect is this If you could induce them to accept the lower rate from 1st January 1937 why could you not go back a few months more

The Chief Accountant The executive did then best in the circumstances they cannot be called upon to enforce tendered rates until the tenders had been scrutinised and accepted by the proper authority

The Chairman Should we not point out to the Government that they are not correct when they say that evidently the Corporation suffered loss to the extent of at least Rs 3 000 if not more in this case due to inordinate delay in accepting the orders The Government have made the observations on the basis of the Auditors' remarks and have taken it for granted that the tendered rates can be made effective when the tenders are opened But this is quite incorrect

The Committee agreed

After some further discussion it was

Resolved

That this Committee recommends that Government be informed that the Corporation having gone into the matter very fully are unable to agree with the Government that the Corporation had suffered any avoidable loss and therefore they do not consider that any question of financial responsibility arises in this case

The delay in accepting fresh tenders which was raised by the Auditors in the first instance was explained by the Corporation in their first reply to the satisfaction of the Auditors In their further remarks the Auditors stated that there would have been a saving of Rs 3 000 if the lower tendered rates had been enforced from 7th November 1936 instead of from 1st January, 1937 In reply to this remark on which obviously the observations of Government are based the Corporation would point out that rates quoted in tenders do not become operative directly tenders are opened but the same must be accepted by the proper authority before they can be enforced by the executive Therefore, there is no power to make the new rates effective as from the date the tenders are opened In this case the tenders were for contracts involving an expenditure exceeding Rs 10 000 and therefore the final power of acceptance lay with the Corporation on the recommendation of the Water Supply Committee It will appear however that in this case the Executive went out of their way and gave effect to these rates as soon after the selection of contractors by the Water Supply Committee as was humanly possible and took upon themselves the risk of rejection by the Corporation of the recommendations of the Committee The appropriate Committee made its recommendations on 21st December 1936 late in the evening and letters were issued by the department concerned to the contractors on the 23rd December 1936 in anticipation of the sanction of the Corporation Obviously action could not have been taken more promptly than was done in this case

The above recommendation of the Finance Standing Committee was confirmed by the Corporation on 23rd July 1941 The resolution of the Corporation was communicated to Government in Chief Executive Officer's letter No S/1730 dated 25th July 1941

3 FINAL ORDERS OF GOVERNMENT ON THE AUDIT REPORT FOR 1937-38
—The Committee were asked to consider the final orders of Government on the Audit Report for the year 1937-38

Letter No 671 M, dated 23rd April, 1941 from the Secretary to the Government of Bengal —

[The contents of the letter have been shown under column Final orders of Government of this Audit Report]

Chief Accountant's report regarding Final Orders of Government on the Audit Report of the Accounts of the Corporation of Calcutta for the year 1937-38

Kindly see the final orders of Government on the accounts of the Corporation of Calcutta for the year 1937-38 as per their letter No 671 M dated 23rd April 1941 below

In para 3 of his letter the Secretary Public Health and Local Self Government Department Municipal Branch requests that the Audit Report with relevant matters may now be published as required by rule 7 of the rules regarding the audit of the accounts of Calcutta Corporation issued under Government Notification No 2986 M dated 10th May 1935 as subsequently amended. This work has already been taken up by my department and the Report will be sent to the Press as soon as they finish the reports for previous years pending with them.

The Audit Rules do not provide for inclusion in the publication of any further replies or remarks subsequent to the passing of final orders by Government. The orders and observations of Government are however of a nature deserving the attention of the Corporation. Government have also called for further replies of the Corporation on some paragraphs of this Audit Report. The letter may therefore be placed before the Corporation through the Finance Committee to which your orders are necessary.

The paragraphs of the Audit Report referred to in the Government letter are dealt with *seriatim* below

Paragraph 7 Cash in hand with the Treasurer—

While considering the final orders of Government on para 8(b) of the Audit Report for 1936-37 as per their letter No 48 T M dated 25th May 1940 the Corporation on 28th March 1941 resolved as follows

That the Corporation maintain that the procedure they have been following for decades is the correct one as will be found from the Chief Accountant's note explaining in detail how the collections on the 31st March are dealt with, it would appear that the whole issue has been clouded by the term "morning collections" and it has been assumed by the Auditors that this money is collected during the morning of the 1st April which is not the real fact. The collections are actually made by the officers of the Corporation late in the evening of the 31st March too late to be deposited and accounted for in the Treasury along with the collections of the 30th and the earlier part of the 31st. Similar late collections made on any other day are deposited and accounted for in the Treasury a day later as it is not considered necessary to make a special treatment of them except for the purpose of closing periodical accounts.

The annual accounts would not give a realistic picture of the actual state of affairs of the Corporation if an integral part of the *de facto* collections made in one year is credited to the following year's account particularly when there is not the slightest difficulty in crediting it to the proper year's account. The Corporation regret that they cannot accept the Auditor's view and request the Government to vacate their orders dated 27th April, 1940.

The matter has been further dealt with in our reply to para 10 of the Audit Report for the year 1939-40.

Paragraph 10 (b)—Advances remaining unadjusted

The outstanding advances for 1920-21 have since been squared up. The oldest item now outstanding relates to the year 1924-25.

Some outstanding items have since been adjusted on receipt of the departmental reports. The modified list of outstandings and the departmental reports received are under scrutiny now for submitting to the Finance Committee.

In connection with the final orders of Government on the Audit Report for 1936-37 the Corporation resolved on 28th March, 1941 as follows—

That the Departments concerned should strictly adhere to the directions given by the Corporation on 8th June, 1938 for adjustment of advances within 5 years from the date of the advances in the ordinary course.

Para 14 'Register of Cash received' not available

Register of Cash maintained in the Accounts Department for checking the collection of revenues other than consolidated rate and licence fees have been classified in the Office System Manual as 'C' class records and as such those are preserved for 3 years and are destroyed after audit of the accounts relating to the year of the last entry made in the same. Any claim for refund of money deposited during the period and traceable in the said register is scrutinised in the ordinary way. But there are sometimes very rare occasions in which a claim for refund is entertained even after the destruction of the Cash register and that is done only when there are found to exist other reasons to prove that the money was actually deposited and that the refund is otherwise due such as production of cash receipts by the claimant submission of proper accounts and the relative files by the departments concerned. Assurance by the departmental head to the effect that the refund has not been previously granted on the same account and so on. The Government order is meant to prohibit any refund of the nature. If the limitation rule is strictly followed in future a general notification to that effect will be of great help to the ratepayers. It is at the same time a necessity for the guidance of the different departments of the Corporation.

Refunds are generally allowed on the strength of the certificate given after reference to two books viz (1) *Cash Book* showing the total collection of the day allocated under different budget heads and (2) *Register of Cash* showing individual item of receipts. The former is a permanent record and the latter is a 'C' class one. The order of the Government relates to the *Register of Cash*.

Paragraph 15 - Outstanding Consolidated Rates

The Special Officer reports on 11th July 1941—

The following figures show the position of the amount outstanding in the Law Department from year to year—

	Rs
Balance outstanding on 31st March, 1938 (Bills and Decrees)	19,46,952
Amount transferred in 1938-39	4,38,365
Total	23,85,317
Collection in 1938-39	2,11,280
Remission, Cancellation, etc in 1938-39	17,720
Balance outstanding on 31st March, 1939	21,56,317
Amount transferred in 1939-40	5,98,211
Total	27,49,528
Collection in 1939-40	2,61,769
Remission, Cancellation, etc in 1939-40	31,622
Balance outstanding on 31st March, 1940	24,56,137
Amount transferred in 1940-41 (approximately)	5,20,000
Total	29,76,137
Collection (approximately) in 1940-41	3,48,000
Remission, Cancellation etc (approximately) in 1940-41	19,704
Balance outstanding on 31st March, 1941 (approximately)	26,08,433

The outstandings have increased inspite of a steady increase in Collection. This is due to the heavy transfers from the Collection Department. To reduce the outstandings the collection must overtake the annual transfer. This can only be achieved by filing more and more suits every year.

Suits are now being filed in larger numbers than before as the following figures will show —

Number of suits filed in	1937-38—	137
" "	1938 39—	125
" "	1939 40—	197
" "	1940 41—	371

It is to be borne in mind that up to the middle of 1939-40, when the Special Officer was appointed (August 1939) there were 5 Law Assistants for this work. From the second half of that year 2 temporary Law Assistants have been added.

Each Law Assistant is now required to file 10 suits a month. As there are 7 Law Assistants (one of whom cannot give his full time to this work) the number of suits per month is expected to be 65 which would give say 800 suits to be filed departmentally per year.

Besides the departmental output a number of outside Lawyers (Solicitors for the High Court and Pleaders for Alipore and Scaldah Courts) have been engaged for filing suits. They have just made a beginning and it is hoped that when their services begin to bear fruit the accumulations will be cleared. The number of new files transferred by the Collector in 1939 40 and 1940 41 was about 750 each year.

Paragraph 17 Reduction of valuation under Section 146 of the C M Act

The further remarks of Joint Auditors on the replies of the Corporation to this para 17 of the Audit Report for 1937 38 as per their letter No. I A 2000 dated 29th November 1939 were considered by the Corporation on 21st August 1940 when they resolved as follows —

The Committee note with regret that the Legal Remembrancer has thought fit to use certain unhappy expression such as "He has a right to err". They do not agree with him in the opinion that the Auditors can question the efficiency of any officer of the Corporation. They can only draw the attention of the Corporation to an irregularity where such irregularity has actually occurred. They also note that the Auditor does not state whether the Legal Remembrancer has expressed any opinion on the point at issue viz whether the Chief Executive Officer is required to assign the reason for reduction.

The further remarks of the Joint Auditors referred to above are quoted below for ready reference.

Auditors' remarks

Chief Accountant's report

Para 17 — The Chief Executive Officer in his letter No. S/658 dated 15th May 1939 stated as follows. The power conferred under this section (Section 146 of the Calcutta Municipal Act) is entirely discretionary and the Chief Executive Officer is not required to place on record the reasons or grounds for any amendment made by him in exercise of such powers. The auditors however do not agree with this view. The Legal Remembrancer opined as follows on 18th June 1938. Section 146 (b) is wide * * * * Legally the Officer is not limited as to the deductions he makes. The power of decision in these matters is given to the officer and he has a right to err so long as he is left with the power. If he errs too much another officer can be given the job. The auditors can not assume his functions but they are of course perfectly entitled to

Para 17 — This relates to stating reasons by C E O for reduction of valuation under Section 146 of the Act. This question does not arise in view of the opinion given by the Legal Remembrancer that legally the officer is not limited as to the reductions he makes.

*Auditors' remarks**Chief Accountant's Report*

point out to the Corporation the inefficiency of the officer to whom this work has been entrusted. So unless the grounds for reduction and the details showing how the reduced valuation has been arrived at under section 146 are recorded or furnished to the auditors for scrutiny it would not be possible for them to see whether the officer vested with the powers under section 146 of the Calcutta Municipal Act have been doing too much and are inefficient. It may therefore kindly be decided by Government whether the officers vested with the powers under section 146(b) should not furnish reasons for reductions and the details as to how the reduced valuations have been arrived at.

In connection with paras 37 and 38 of the Audit Report for 1934-35 which relate to stating reasons for acceptance of other than the lowest tenders Government observed in their final orders as follows —

In connection with these paras a question has been raised as to the proper function of the auditors under Section 122 (a) of the Calcutta Municipal Act. The Auditors have held that in the cases mentioned in these paras there was "a material impropriety" in the expenditure within the meaning of the aforesaid section *while the Corporation has maintained that the auditors have no power to challenge the statutory rights of the Corporation in regard to the acceptance of tenders*.

As the matter is of considerable importance Government have taken legal opinion and are advised that Section 69 (4) of the Calcutta Municipal Act gives full power to the Corporation to reject the lowest or lower tenders and that the rejection of such tenders is not therefore illegal and that it is not also necessarily improper in all cases. Government are however advised that under Section 122 (a) it is the duty of the auditors to point out not only illegalities but also any material impropriety or irregularity in the expenditure and that if the auditors consider that the rejection of the lowest or lower tenders is improper and unjustified they are not only entitled to but are bound to point it out.

It appears that the Corporation has also objected to the direction given by Government in para 2 (17) of their letter No. 186 M dated the 19th January 1938 for placing on record the reasons for rejecting the lowest or lower tenders on the ground that this is not enjoined by the Act and that it would not always be feasible to do so. Government are however of opinion that the rejection of the lowest or lower tenders may often raise a question as to the propriety of such rejection and that the reasons for the rejection should therefore be placed on record as far as possible.

Corporation on 7th January 1941 confirmed the following recommendation of the Finance Committee.

The Committee are of opinion that the attitude taken up by the Corporation in this matter is correct and should be adhered to.

Paragraph 20 - Want of proper action leading to accumulation of arrears

The Collector reports on 7th May 1941 —

The Government has appreciated the difference between the "list of persons" and the "list of properties". The present order seems to come in line with our existing practice.

Paragraph 22—Sanction to the rate of rents for spaces in the Museum

With regard to the original remarks of the Auditors as per paragraph 22 of the Audit Report, the Corporation resolved on 13th September, 1939, as follows —

“That the attention of the Estates and General Purposes Committee be drawn to the remarks of the Auditors and they be requested to expedite the matter”

On the recommendation of the Estates and General Purposes Committee dated 6th October 1939 the Corporation on 23rd November 1939 resolved as follows

That the following schedule of rates for exhibits in the Commercial Museum as recommended by the Advisory Board be accepted —

(i) That the rate for each 75 watt lamp for special illumination of exhibits in show cases be fixed at Re 1 per month the lamps and fittings of which are to be supplied by the Corporation

(ii) That the following schedule of rates as suggested by the Department be approved —

(a) Showcase shelf Re 1 8 to Rs 2 8 per month according to position

(b) Kiosk Rs 10 to Rs 12 per month according to position

(c) One Almurah—Rs 7 per month

(d) Special Glass Almurah—Rs 8 to Rs 10 per month according to position

(e) Special show case Rs 5 per month

(f) Special square Show cases—Rs 10 per month

(iii) That the rates for special position be fixed by the Chief Executive Officer for the first year and that the matter be placed before the Corporation through the Advisory Board for the rates for subsequent years

(iv) That the Chief Executive Officer be authorised to grant (a) free spaces to institutions promoting Technical and Industrial education (b) concessions not exceeding 25 per cent on the fixed rates to infant and struggling industries it being understood that such free spaces and concessions should be restricted to ordinary spaces and that the use of such free and concession rate spaces should not in any case exceed 20 per cent of the total available space in Museum

(v) That the forms for bills etc. as drafted by the Officer in Charge be accepted provided they are approved by the Chief Accountant and the Chief Law Officer

Paragraphs 23 and 25—Want of Demand Registers in respect of License Fees for unauthorised scaffolding etc and the Corporation Slaughter house

No remarks The observations of Government were communicated to the Chief Engineer and to the Health Officer

Paragraph 24—Ambulance Fees reduced

This case is analogous to the one dealt with in paragraph 17 above

Paragraph 26—Law Department heavy outstandings

On 5th May, 1941 the Chief Executive Officer was pleased to pass orders for writing to Government for extension of time till 29th September 1941 and to direct the Chief Law Officer to start the work at once Extension of time was applied in Chief Executive Officer's letter No S/682 dated 23rd May 1941 Government have granted an extension up to the 15th August

The Chief Law Officer reports on 8th July, 1941 —

The accounts for the 4/40 41 are expected to be made ready by the end of this month As soon as they are ready the statement wanted by the Auditors will be ready I accordingly ask for time till the end of this month

Paragraph 34—Personal allowance in addition to increment in substantive pay

The original objections of the auditors and their further remarks together with the departmental replies and the resolutions of the Corporation are quoted below for ready reference

Auditors Report

Chief Accountant's Report

CITY ARCHITECTS DEPARTMENT

Personal allowance in addition to increment in substantive pay

34 On the 17th February 1937 the Corporation sanctioned a personal allowance of Rs 15 in favour of Babu Nimal Chandra Chowdhury a clerk of the Building Department working at the Manicktola Office. The grounds for the grant were

(1) Abnormal increase of work at the Manicktola Office and

(2) the clerk had been drawing the maximum of his grade (Rs 10-5-125) for several years.

Babu Nimal Chandra Chowdhury was transferred to the Central Office on 7th September 1937. The scale of pay was also raised by the Corporation to Rs 10-5-150 with effect from 1st April 1936 and Babu Nimal Chandra Chowdhury began to draw Rs 150 from 1st April 1937 and is drawing Rs 130 from 1st April 1938. The full amount of personal allowance of Rs 15 is also being drawn all along in addition. As the circumstances justifying the personal allowance have materially changed the matter is brought to the notice of the Corporation for considering whether the amount thereof should not be correspondingly reduced as his substantive pay increases. This is what is ordinarily done in the case of a Government servant.

The Corporation on 13th September 1939 confirmed the following recommendation of the Finance Committee

"That the Committee agree with the Chief Accountant that in raising the scale of pay of Babu Nimal Chandra Chowdhury, it was not the intention of the Corporation to reduce his personal allowance. In fact, there is nothing in the Corporation Service Rules to support the contention of the Auditors."

*Further remarks of Joint Auditors as per
their letter No L A 2000 dated
29th November, 1939*

Auditors remarks

The Corporation appear to have missed the point at issue. The point is that the personal allowance was granted on the grounds of (1) abnormal increase of his work at the Manicktola office and (2) drawing the maximum pay of Rs 125 for several years. As he has since been transferred from the Manicktola office to the Central Office and as the maximum pay of his grade has since been raised from Rs 125 to Rs 150 both the grounds on which the personal allowance had been sanctioned now ceased to exist. It is therefore for the Corporation to reconsider whether his personal allowance would still continue and if so on what ground.

Chief Accountant's Report

This relates to the grant of a personal allowance of Rs 15 to Babu Nimal Ch Chowdhury of the Building Department.

The Corporation at their meeting dated 13th September 1939 confirmed the following recommendation of the Finance Committee in this connection.

The recommendation of the Finance Committee has been quoted above. Under Section 51 (2) of the Act it is for the Corporation to fix the salaries and allowances of their officers. In the circumstances the Auditors should not pursue the matter any further.

The departmental replies were accepted by the Corporation on 21st August, 1940.

Paragraph 37—Delay in considering tender causes loss

No remarks

Paragraph 39—Loss over supply of Filtered Water in Manicktola Area

A separate item in this connection was considered by the Corporation through the Finance Committee and a reply has accordingly been forwarded to Government Auditors

Resolved—

That it be recommended that the orders and suggestions of Government as per their letter No 671M dated 23rd April, 1941, be given effect to subject to the following directions and remarks

Para 7 —

That the Committee reiterate the recommendations made by them in connection with the further remarks of the Auditors regarding Para 8 (b) of the Audit Report for 1936-37 which run as follows

(i) *That the Collector be asked to record the late collections of the 31st March, as late collections of that day instead of as 'morning collections' of the 1st of April next*

(ii) *That the Committee fully agree with the Chief Accountant that the method of accounting suggested by the Auditors is incorrect and that the Government be requested to vacate the orders previously passed by them for reasons clearly set forth in the Chief Accountant's note*

(iii) *That the Committee understand that in their further remarks to para 10 of the Audit Report for 1939-40, the Auditors have expressed their views that they are not wrong judging from the strict tenets of Book Keeping these further remarks are coming up before the Finance Committee shortly when they will express their further views in the matter for consideration of Government*

Para 10 (b) (i) —

(1) *That the Chief Executive Officer be requested to see that the Departments concerned strictly adhere to the directions given by the Corporation on 8th June 1935 for adjustment of advances within 5 years from the date of advances in the ordinary course*

(ii) *That the Chief Executive Officer be also requested to look into this matter and report why there was so much delay in adjusting advances made so far back as in 1920-21*

Para 14 —

(i) *That the Chief Law Officer be asked to find out if any rule regarding the period of limitation of claims can be drawn up which is to be incorporated in the body of the receipt granted to party*

That if the Chief Law Officer is of opinion that such a rule can be drawn up the Cash Register should be maintained for the period during which claims for refund can be put in or a year or two longer

Para 15 —

That the Committee find that the figures of outstanding consolidated rate for the year ending 31st March 1939 was Rs 17,75,000 while in 1940 the figure was Rs 13,11,000. The outstanding amount on the 31st March, 1941 was Rs 9,07,000. The figures show that the realisations have been better than during the last 3 years and the outstanding has been diminished. It is apprehended however that the outstanding on 31st March, 1942 will increase to Rs 18 lakhs on account of the difficulty in realisation of rates during the latter part of 1941-42 on account of the abnormal situation created by the war in the Far East

Para 17 —

(i) *That the Committee find that there is nothing in the Calcutta Municipal Act which enjoins on the Chief Executive Officer the duty of recording his reasons for making any reduction in valuation under section 146 of the Act*

(ii) *That the attention of Government be drawn to the concluding portion of the resolution of the Corporation dated 21st August, 1940 in this connection which runs as follows*

'They also note that the Auditor does not state whether the Legal Remembrancer has expressed any opinion on the point at issue viz, whether the Chief Executive Officer is required to assent to the reason for reduction'

Para 22 —

That the resolution already passed by the Corporation in the matter be communicated to Government for information

Paras 23 and 25 —

That so far as register of Demand for Slaughter Houses is concerned, the Committee is informed by the Health Officer that such a register is being maintained now

That as regards demand register for scaffolding fees, etc., there cannot be any such register as scaffolding fees must be paid before a scaffolding is erected. A register is, however, maintained showing cases where necessary fees have not been paid beforehand and such cases are taken to court

Para 24 —

That although the Committee find it useful to record whenever possible the reasons for reducing or amending the ambulance fees by the Health Officer, the Committee do not see any reason to deviate from present practice as the Health Officer has got absolute discretion in the matter and as there is no statutory obligation on his part to record such reasons

Para 26 —

That the Committee understand that a statement showing in detail the steps taken to reduce the heavy outstanding in the Law Department etc., as required by Government in their letter dated the 11th October 1941 has been furnished

Para 34 —

That the attention of Government be drawn to the resolution of the Corporation dated the 13th September 1939 in this connection purporting that in raising the scale of pay of Babu Nirmal Chandra Chowdhury, it was not the intention of the Corporation to reduce his personal allowance. Under Section 51(2) of the Act the Corporation are the final authority for the salary allowance etc. of their officers

Para 37 —

That the Corporation be requested to draw the attention of the different Standing Committees to this point

Para 39 —

That it appears from the report of the Executive Engineer, Water Works that all steps that could possibly be taken to expedite acceptance of offer had been taken. The Auditors have not stated the authority on the strength of which the Department could have compelled the contractors to accept lower rate with effect from 7th November 1936. They were induced to accept the lower rates with effect from January 1, 1937 evidently as a result of persuasion

The above recommendations of the Finance Standing Committee were confirmed by the Corporation on 22nd January 1943

The resolutions of the Corporation were communicated to Government in Chief Executive Officer's letter No. S/3424 dated the 8th/10th March, 1943 and by the Secretary to the Chief Accountant, Collector, Chief Law Officer, Health Officer, Executive Engineer, Water Works, the Chief Executive Officer and to the meeting clerk of the Secretary's Department on 30th January 1943
